## Guiding and Encouraging in Extracurricular Activities

I always try to give them the best suggestions possible for me to provide and inspire them to pursue with their passion. Especially, thenovice candidates get their much-needed boost from my interaction that they have generously expressed many a times. It is my sincere effort that I always practice with my students whenever I get the chance to interact with them to inculcate the value of good manners, positive attitudes, compassionate characteristics and inquisitive outlooks which can help them to grow as a true human being and also to set and fulfil their future dream.

## MENTOR- MENTEE REPORT OF POST GRADUATE DEPARTMENT OF ZOOLOGY 2023-2024

The Post Graduate of Zoology, B. B. College, Asansol offers a dynamic mentorship system for the benefit and advancement of departmental students in accordance with the general rules issued by UGC and the college authority. Students are separated into groups for each semester, and a faculty member is designated as the mentor for a certain group. In this regard, the Department notifies students well in advance. Every mentor attempts to reply to the concerns brought up by the respective students. But, if necessary, students are also encouraged to speak with other faculty members about their issues outside of their mentor. The Department's mentorship program has received high marks from the majority of students.

No. of Good (>>55%)	11
No. of Poor (>>35%)	3

**PANCHANAN RAYAN**

**Hamuli** :- It is a hair-like structure that present on the costal area of hind wing in insect and connects the forewing. It is a mechanism of wing-coupling.  
Eg.:- Honey bee.

**Proteinase and chitinase enzyme.**

**Wax-gland** :- Present in the cellular region epidermis and it secretes wax-like material to form wax-layer. It acts as a lipid-reservoir.

**Tympanal organ** :- It is type of mechano-receptor organ in insect morphology and it acts as an auditory organ. It captures the air sound-waves in the air and helps the insect to balance their body while flying.

**Campaniform Sensilla**

**Second → Extra**

Epicuticle	Procuticle
It consist of 3 layer :- Wax → cement → Polyphenol, chitin.	It consist of 2 layer Exocuticle → Endocuticle
Hard in nature.	Comparatively membranous
Sclerotised.	Un-sclerotised.
Chitin and chitin present.	Chitin and arthropodin present.

Summary of Class test 2	
No. of Present	20
No. of Absent	6
No. of Distinction (>>75%)	6
No. of Good (>>55%)	9
No. of Poor (>>35%)	5

Name - Nibedita Bouri

**Factors control the diapause :-**

**Photoperiod** :- The main stimulus for diapause induction is photoperiod. which also there are two rhythms present in which living thing participate, day rhythm of 24 hours and annual rhythm of 12 months. Insect account for passage of hours during the day daily time measurement, called circadian cycle, involves several known genes, includes clock, of cycle, period and timeless.

There is a two type of photoperiodic system present, one in which nervous system particularly sensitive to light at certain time of night, another in which it is the phase relationship between the rhythms set respectively by dawn and dusk that is important. In most insect, short day concerned in photoperiodic reaction.

During initiation, actually when the di preparation of diapause begin when the day length decrease from long day length. After approaching a particular day length diapause starts and continue until again day length increase.

Examination conducted for better performance in upcoming examination (mainly slow learners-“Poor” performers) Summary of MCQ Test

### **STUDENTS MENTORING SYSTEM**

### **SESSION 2023-2024**

#### **A LAYOUT OF THE MENTORSHIP PROGRAM OF THE DEPARTMENT:**

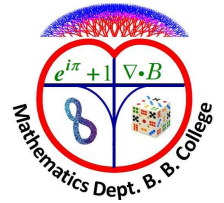

The Department of Mathematics at B. B. College, Asansol, runs a vibrant mentorship program designed to support and empower its students, in line with guidelines from the UGC and college administration. Each semester, students are grouped and paired with a faculty mentor, with prior notification provided by the Department. Mentors strive to address students' concerns with effective and sustainable solutions, while also encouraging them to seek assistance from other faculty members if needed. Most students express high satisfaction with the mentorship initiative. The following activities were highlighted during the 2023-2024 academic session:

1. Providing guidance and technical support for subject selection and the completion of admission forms, including assistance with examination forms.
2. Helping students navigate scholarship opportunities suited to their needs.

3. Encouraging the use of various reference materials and sharing valuable online resources, including YouTube lectures and important academic links.
4. Introducing students to MOOC platforms such as NPTEL, Swayam, ePathshala, NDLI, and Infilbnet, facilitated by our librarian at the start of the session.
5. Offering support for competitive exam preparation like IIT JAM, NBHM, JECA, TIFR & ISI Entrance, etc., advising on various promising postgraduate courses, and helping them in filling-out the application forms
6. Inspiring students to pursue higher studies abroad by inviting departmental alumni pursuing such courses in USA.
7. Assisting with personal challenges, including health, financial, and other individual issues.

Following is the notice from the HOD regarding allotment of mentees to the mentors.

## BRIEF MENTORSHIP REPORT BY FACULTIES FOR 2023-24 SESSION

**Name of Faculty with Designation:** Dr. Subharthi Sarkar, Assistant Professor

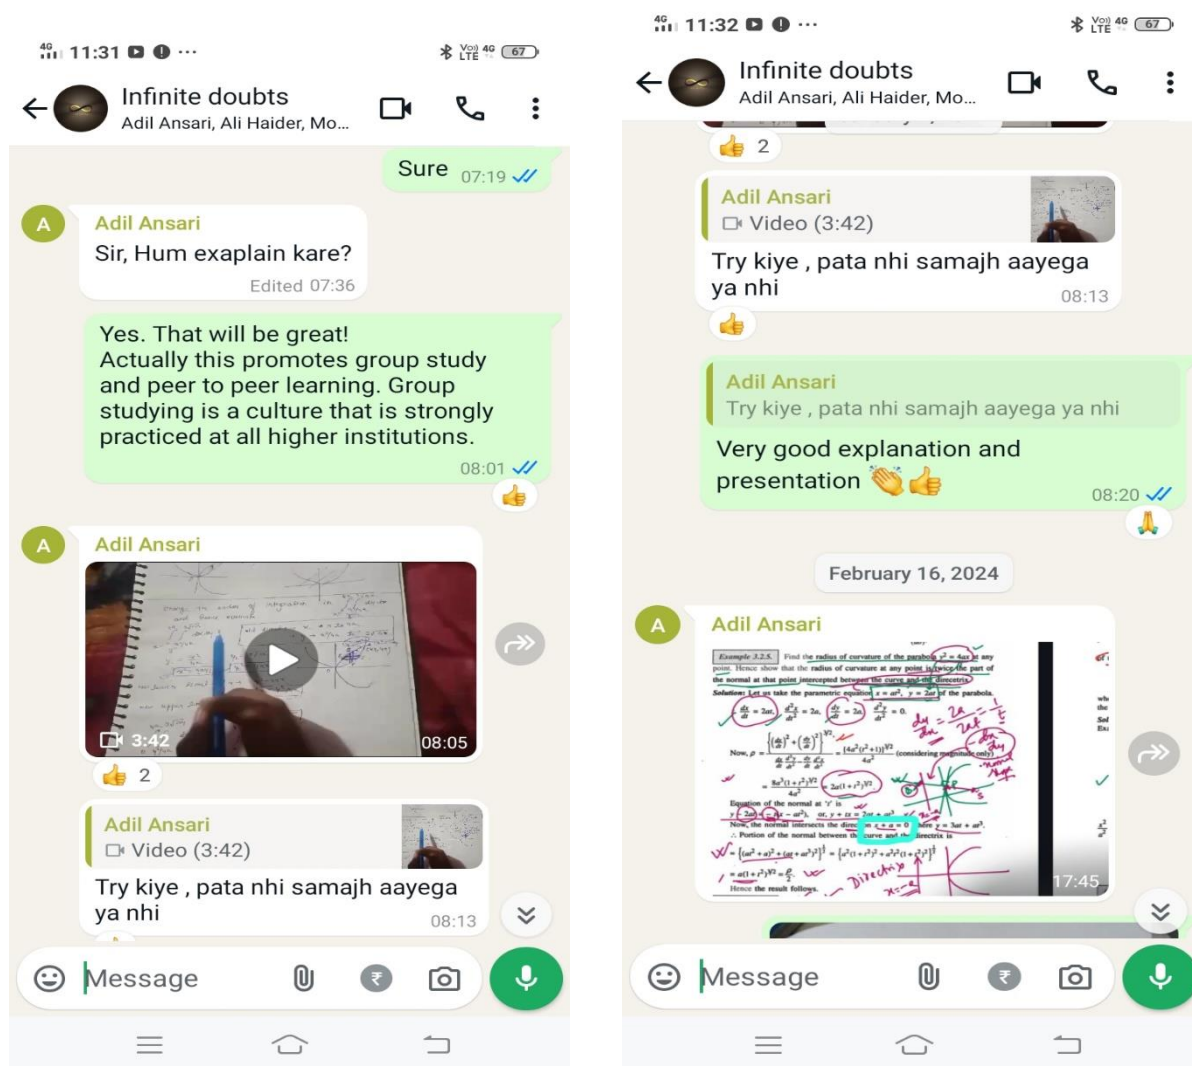

**Department:** Mathematics

**Mentees Allotted for the session:** 5<sup>th</sup> and 6<sup>th</sup> Semester Students of B.Sc. (Honors) Mathematics (Group-2)

### Action Taken Report with regard to Mentor-Mentee Discussions

- 1. General Mentee Issue:** Regular doubt clearance of Mathematical concepts & building confidence in the subject

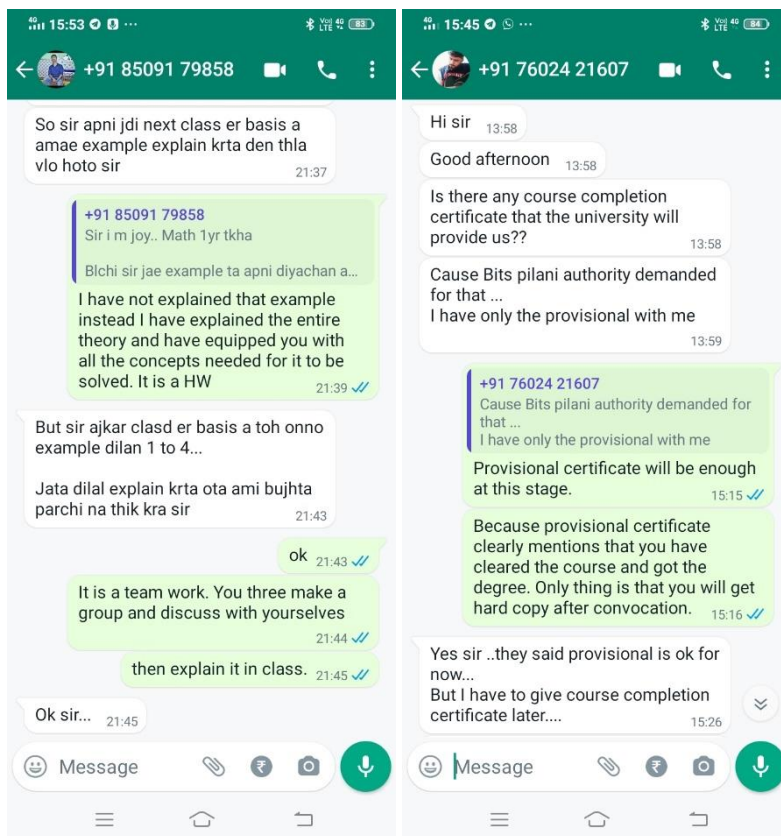

**Action Taken:** A WhatsApp group named “*Infinite doubts*” was created for the regular doubt clearance of Mathematical concepts during and beyond regular college hours. The students freely interacted in the group and had their doubts cleared. In order to build confidence on the subject, online presentations by the students were arranged and open interactions were followed. **Some of the evidences are provided below:**

**Fig. 1:** In the above pictures my mentee Md. Adil Ansari is seen presenting on a topic of Mathematics involving double integrals.

**2. General Mentee Issue:** General subject doubt clearance and filling out of various forms like those of exam enrollment, registration, application to foreign institutes. Helping them to get recommendations

**Action Taken:** The mentees are guided accordingly. Following are some evidences.

**Fig 2: Interaction with mentees**

### **3. Sorting out Mentee Specific Issues:**

Mentees came up with academic challenges and personal challenges, including health, financial, and other individual issues. These issues were dealt with care and compassion.

Among several such instances, some of the evidences of mentee specific issue are as follows:

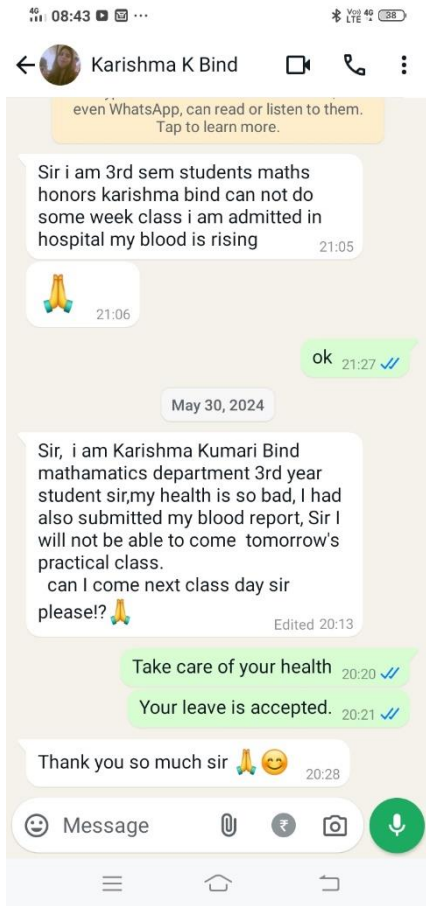

**Mentee Issue:** One of my mentees Ms. Karishma Kumari Bind shared that she had been ill and asked to take care of her attendance.

**Action Taken:** Her leave was immediately accepted and I talked with her parents to inquire about her health condition. I was in touch with her family and told them to take care of their ward and ensured that the missed classes and concepts will be cleared after she is able to join the college. She has successfully graduated now. A screenshot of the interaction is provided below in **Fig 3 (a)**.

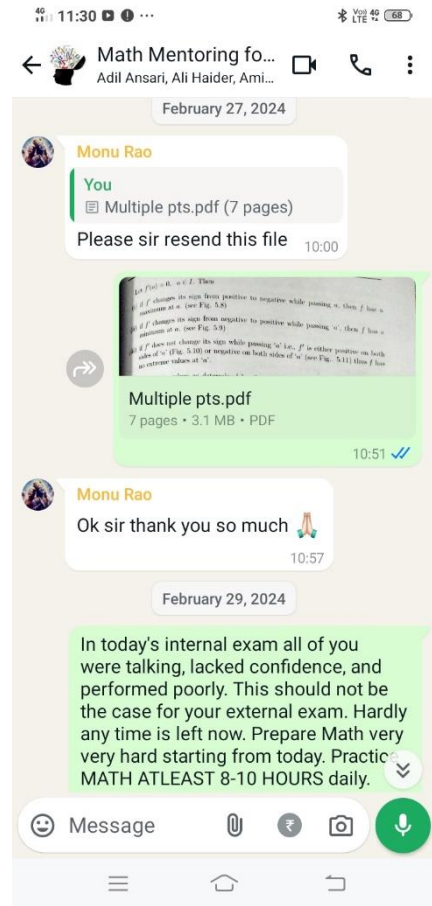

**Mentee Issue:** Among some of my mentees Mr. Monu Rao wasn't performing well in the internal examinations.

**Action Taken:** All the mentees including the above were instructed to prepare well for the examinations. A screenshot of the interaction taken place in the WhatsApp group “*Math Mentoring*” is provided in **Fig 3 (b)** below.

**Figures 3 (a) and 3 (b)**

**Name of Faculty with Designation:** DR. SUDIPTA DAS, Assistant Professor

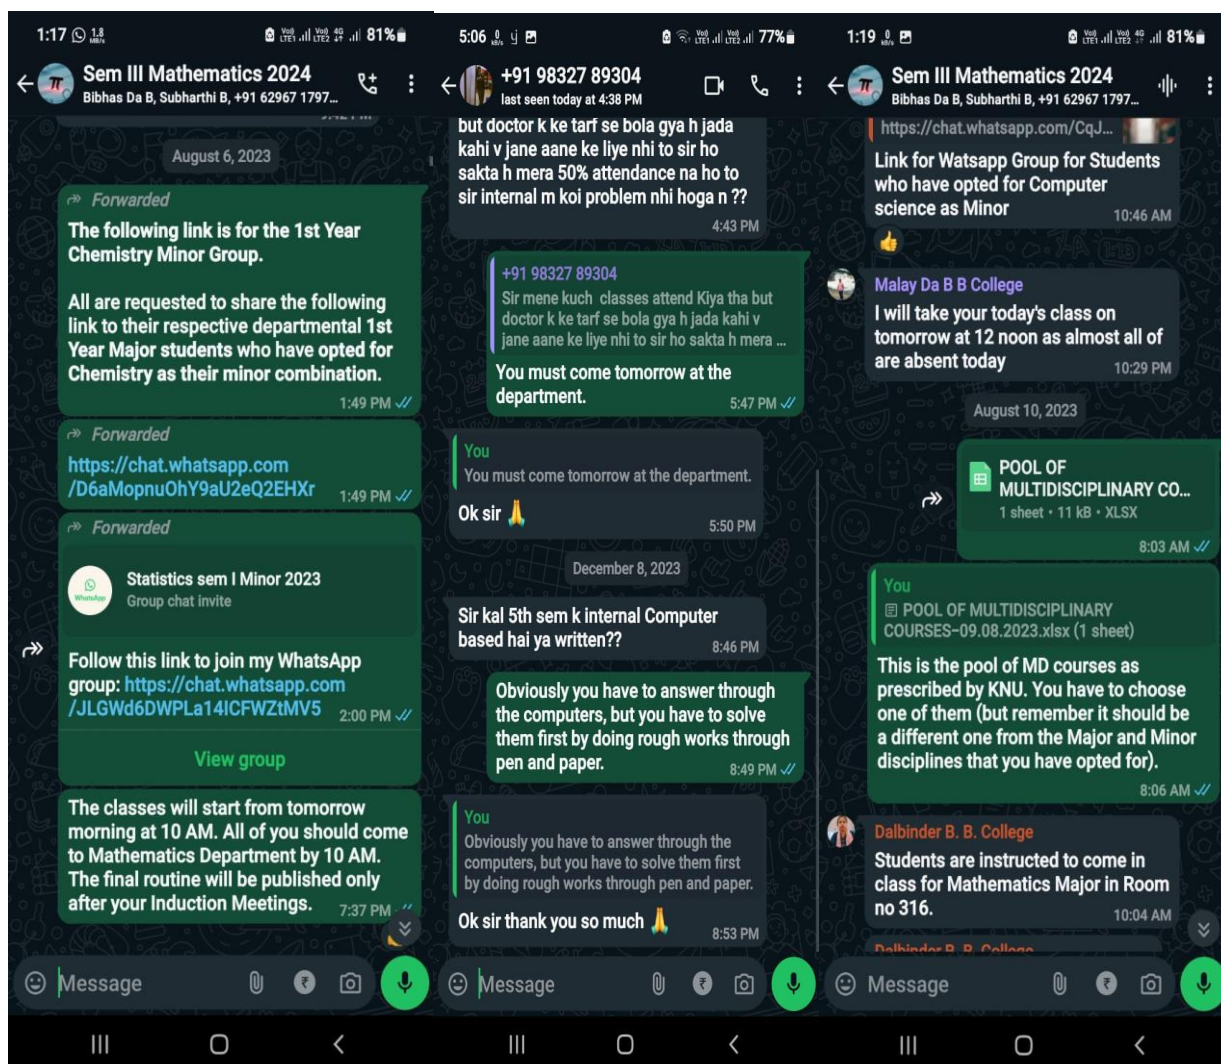

**Department:** Mathematics

**Mentees Allotted for the session:** 3<sup>rd</sup> and 4<sup>th</sup> Semester Students of B.Sc. (Honors) Mathematics (Group-2)

Dr. Sudipta Das has genuinely committed himself to mentoring students effectively. Below is a summary of some key aspects of his mentorship:

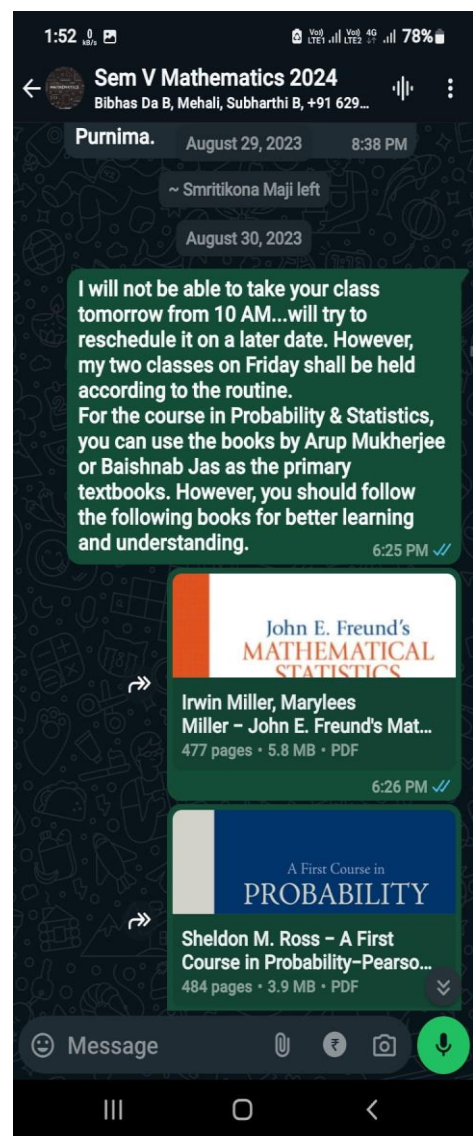

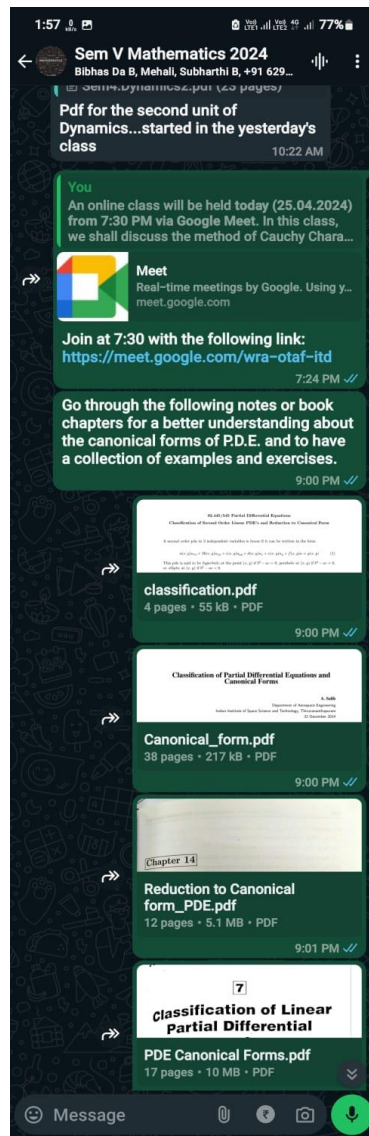

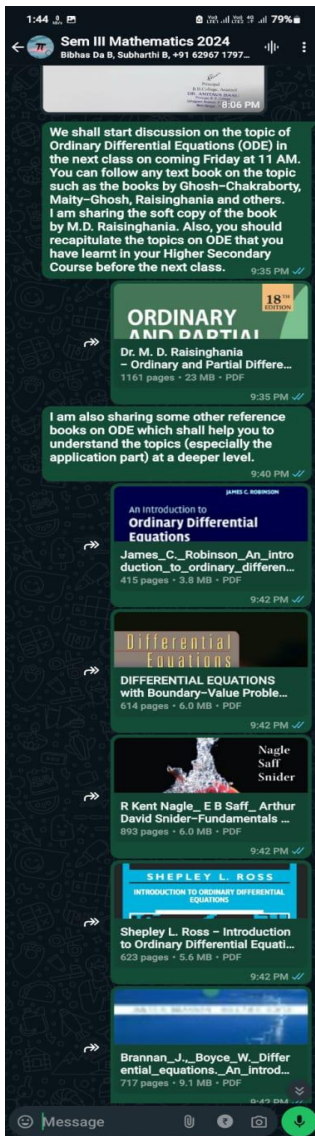

**1. Numerous students encountered technical issues related to registration, enrollment, exams, and results, and they raised various queries. Dr. Das addressed many of these problems directly, while others were appropriately directed to the relevant authorities for prompt resolution. Important notifications about registration, enrollment, online classes, exam schedules, and results were shared promptly with students, helping them avoid technical issues and prepare effectively.**

*The following are a few evidences of such discussion.*

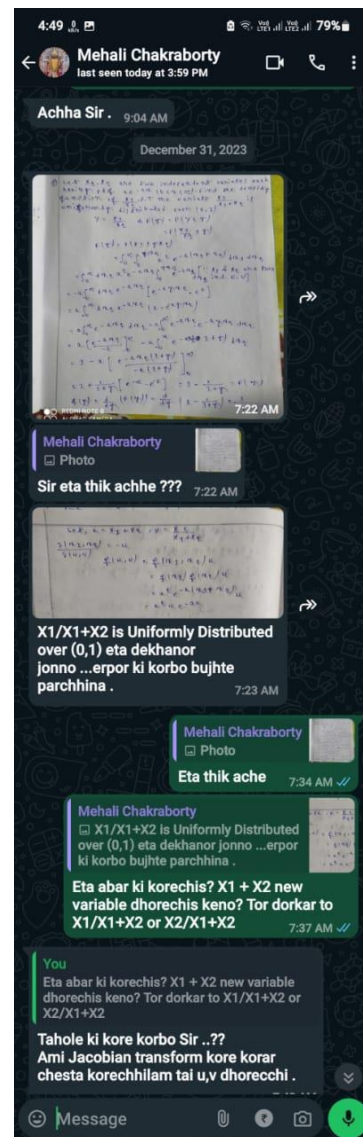

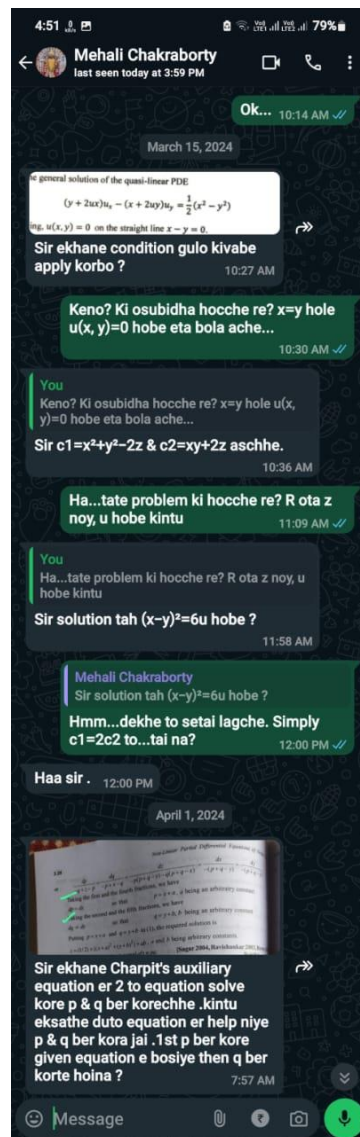

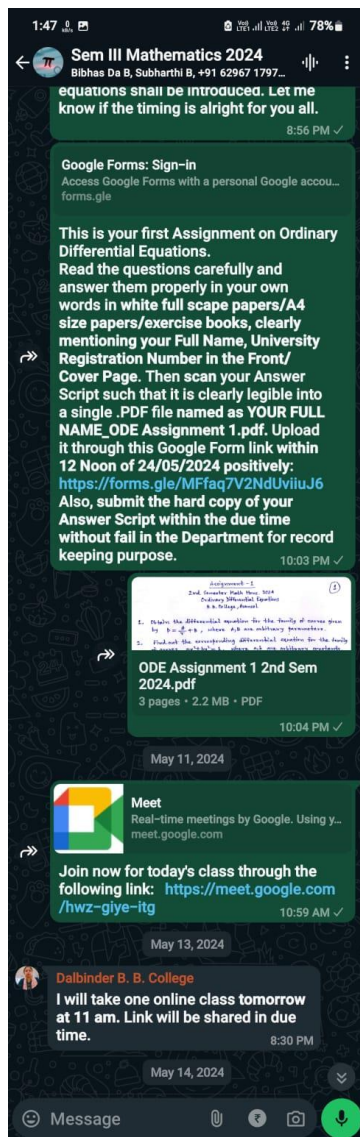

2. Dr. Das provided students with a range of study materials, including lecture notes, books, and online video lectures (NPTEL, YouTube, etc.), in a systematic manner to help them build a comprehensive understanding of essential course topics.

*The following are a few evidences of such discussion.*

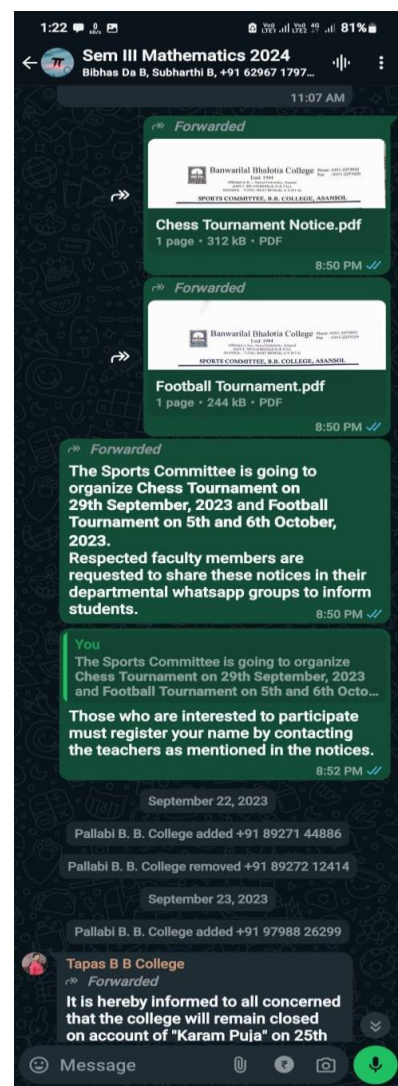

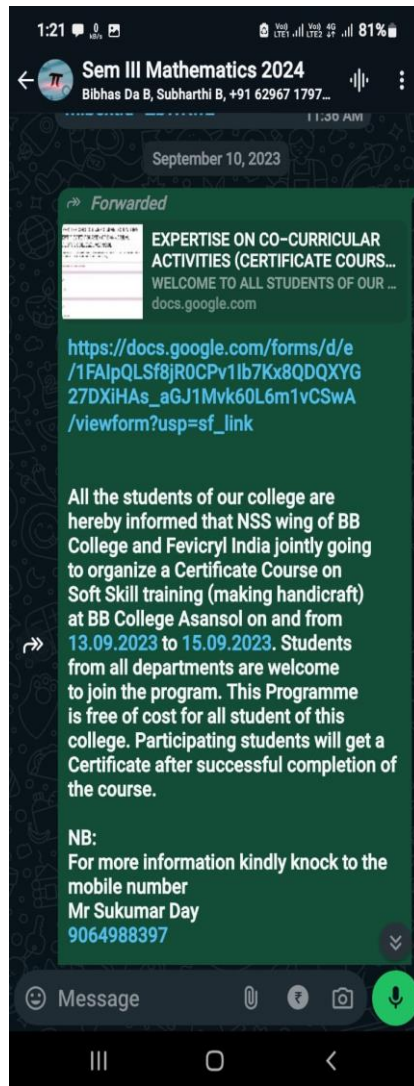

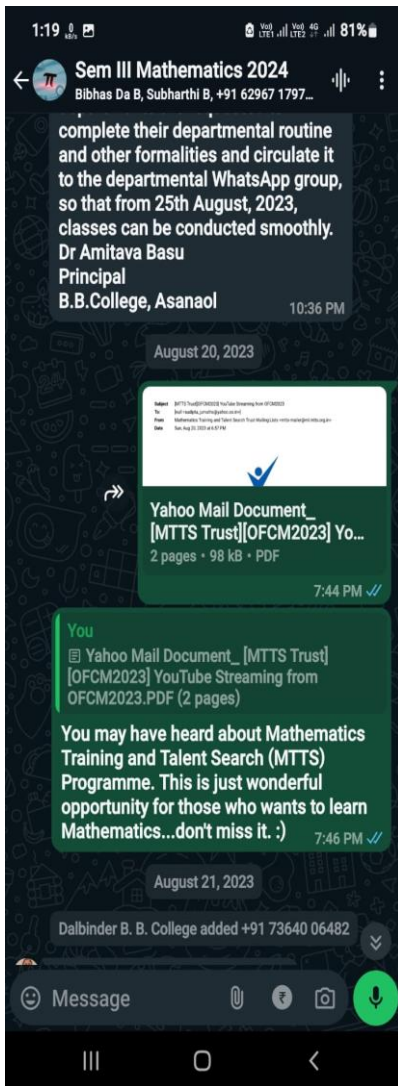

3. He assigned various tasks and regular homework, ensuring students submitted their work on time. The answers were discussed collectively so that students could learn from their mistakes. Many students also sought assistance with specific mathematical problems, which Dr. Das resolved and sent back to them individually.

*Instances of general and personal doubt clearance sessions are as follows:*

4. Dr. Das consistently encouraged students to pursue higher education and explore job opportunities. He also motivated them to engage in various academic and extracurricular activities, such as seminars, debates, quizzes, recitations, painting, and sports, to fully develop their potential.

*Certain instances of student motivational sessions are as follows:*

**Name of Faculty with Designation:** Dr. Dalbinder Kour, Assistant Professor

**Department:** Mathematics

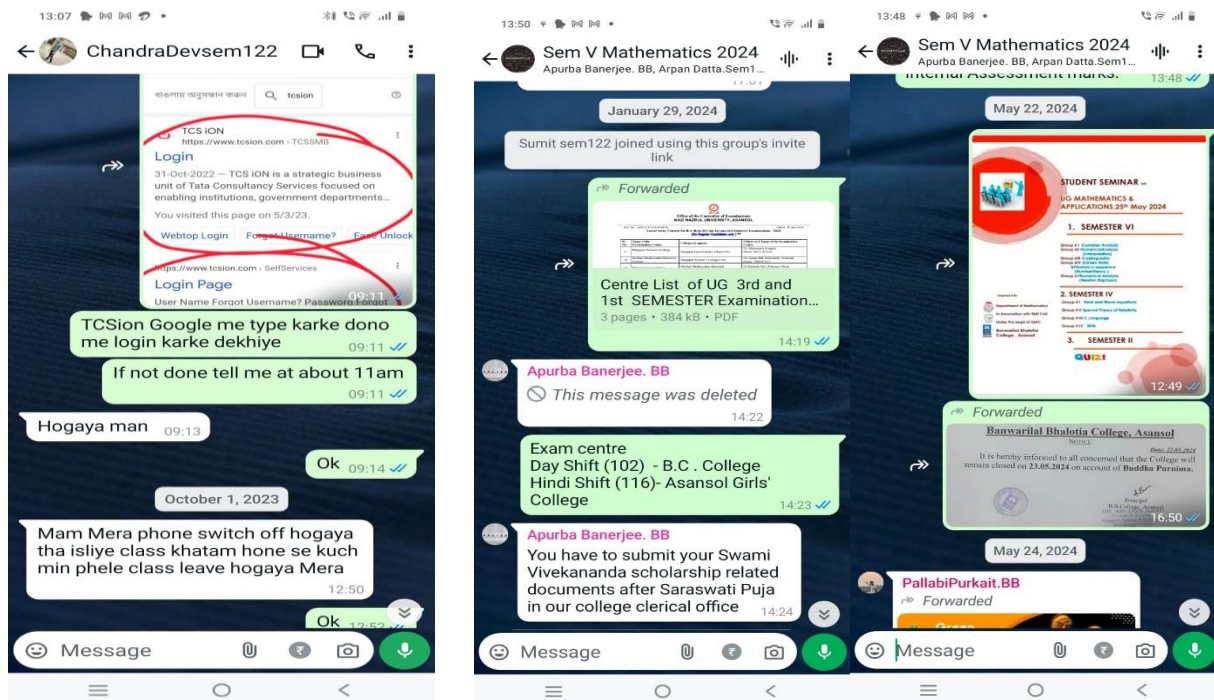

**Mentees Allotted for the session:** 5<sup>th</sup> and 6<sup>th</sup> Semester Students of B.Sc. (Honors) Mathematics (Group-1)

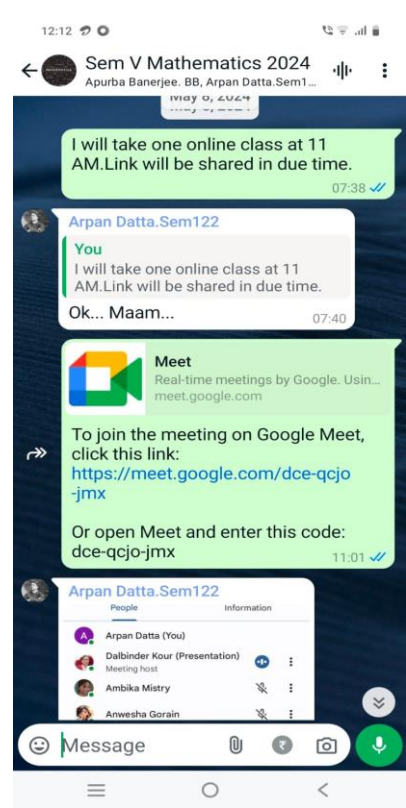

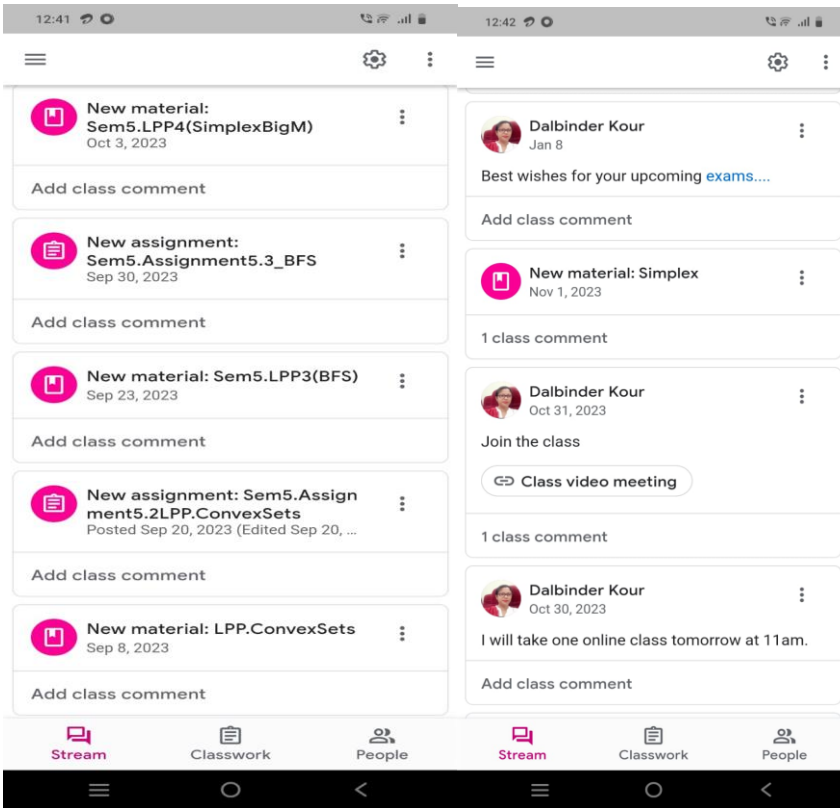

The Mentor Mentee System is a student centric system to provide the students (Mentees) the required guidance and support.

1. The Mentees were provided with the support and information regarding **technical problems during enrolment, examination form fill up online through university (KNU) portal.**
2. Certain notification information like **exam centres list /exam schedule notice** were provided.
3. The Mentees were provided the guidance and support during the student seminar organized in the department.
4. Study materials, Assignments and explanation for doubts in problems were provided through Google Classrooms.
5. Some online classes were conducted for syllabus completion during election holidays
6. The Mentees were also provided with the information, guidance and counselling for admissions in institutions for further studies.

The issues were handled and solved directly in the classes, department or over phone calls and also online through WhatsApp.

**Some of the screenshots and photographs for the mentioned supports provided are as follows.**

## Department of Botany

### **Mentor-mentee report (September 24 to June 24)**

The enrolment of students in Botany Honours and Program has been moderate over the past few years, with a student-teacher ratio of 4-5:1 on a semester basis. To address this, we have decided to assign mentor-mentee distributions semester-wise within our department. This means that each teacher will serve as the mentor for all students in a particular semester. This approach will benefit the students, as they will experience mentorship from all faculty members as they progress through their three-year degree program. At the end of each semester, faculty members are required to submit a report on each student, ensuring that the incoming mentor is well-informed about the mentees they will be guiding. Additionally, each semester will have two class monitors—one male and one female—ensuring that both boys and girls have proper representation. Nevertheless, any student is free to directly approach their mentor when needed.

### **Mentor-mentee allocation**

September 2023 to December 2023.

Sl No	Semester	Name of the Faculty
1	1 <sup>st</sup> Sem (Hons)	Dr Sanjeev Pandey
2	3 <sup>rd</sup> Sem (Hons and Prog)	Dr Sabina Pradhan
3	5 <sup>th</sup> Sem (Hons and Prog)	Dr Sunrit Basu Sarbadhikary

2	4 <sup>th</sup> Sem (Hons and Prog)	Dr Sidarth Singh Deo
3	6 <sup>th</sup> Sem (Hons and Prog)	Dr Sucheta Mondal

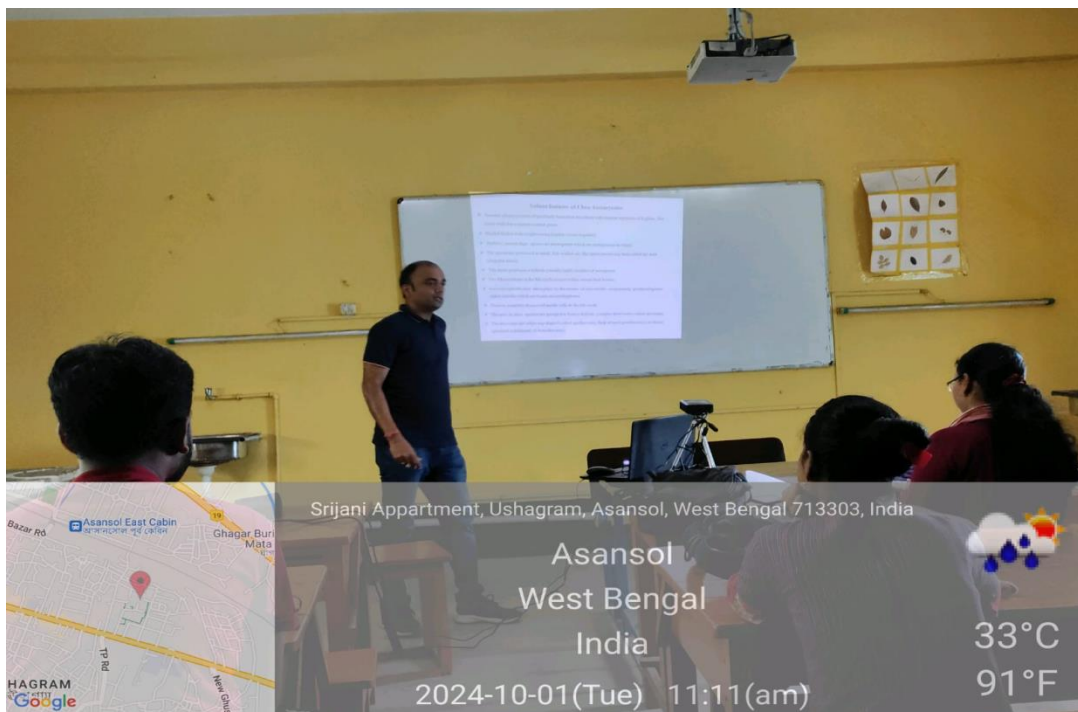

All students are instructed to adhere to the mentor-mentee system in the department for addressing any issues related to their studies, classes, field survey or any other concerns, whether inside or outside the classroom, during this time.

**Nature of Mentor-Mentee interaction of Department of Botany.**

Dr. Sucheta Mandal, Assistant Professor, Department of Botany taking special classes for slow learners outside of routine classes with 6<sup>th</sup> semester students.

Dr. Sidarth Singh Deo , Assistant Professor, Department of Botany taking remedial classes for slow learners outside of routine classes with 4<sup>th</sup> semester students.

Dr. Sanjeev Pandey, Associate Professor, Department of Botany guiding his mentee (1<sup>st</sup> Sem Hons) for identify practical specimens.

Dr. Chanchal Kumar Biswas, Associate Professor, Department of Botany, is guiding his mentees (1st Semester Program) on how to write answers in the final examination to achieve better marks.

## MENTORSHIP REPORT FOR THE SESSION 2023-2024

Name of Faculty with Designation: Mr. Arpan Tewary, SACT-I, Dept. of Computer Science

Mr. Arpan Tewary always tries to guide his students (especially the mentees under his consideration) and boost their self-confidence. He provides good orientation to the mentees about the academic program, institution and opportunities. He always try to make his students feel comfortable so that they can come up with their problems related to academics, personal, etc.

## Some Issues & Their Resolution Done By Mr. Arpan Tewary:

### Incident Report: Exam Attendance and Request for Special Consideration

On 25th June 2024, a student(Dwip Mondal, 6th Sem) was scheduled to appear for the External Practical Exam. However, the student arrived 1 hour and 30 minutes late. Upon inquiry, the student explained that he was delayed due to a medical emergency, specifically a dog bite, and had an injection scheduled on the same day.

After considering the circumstances and taking permission from the External Teacher for that day, I granted him permission to sit for the exam.

On the left is the prescription from the hospital, as provided by the student.

Subject: Leave application for not attending internal examination due to father's surgery.

I hope this letter finds you in good health. I am writing to inform you that I am unable to attend the internal examinations scheduled from [24/05/2024 to 31/05/2024] due to my father's surgery and it is imperative for me to be by his side during this critical time.

I request you to kindly grant me leave for the mentioned period and allow me to take the exams at a later date, if possible. I would be grateful for your understanding and support in this matter.

Please find attached the medical documents related to my father's surgery for your reference.

Thank you for your consideration.

Yours sincerely,  
 Paritosh Maji

*To The Sir/Prin. Sir

 (Signed)  
 Paritosh Maji*

Due to his father's surgery, a student named Paritosh Maji (6th Sem) was unable to attend the scheduled internal examination, which was held between 24th May 2024 and 31st May 2024. The student submitted an application letter explaining his situation. I advised him to seek permission from our honourable Principal Sir. After obtaining the required approval, I accommodated the student by allowing him to take the exam at a later date.

**Department of Economics**  
**Mentor-Mantee Report 2023-24**

**Criteria 2.3.2**

The Department of Economics has experienced steady enrollment over the past several years. With four faculty members, our student-teacher ratio stands at approximately 25:1

To ensure personalized attention and guidance, we have adopted a Year-wise mentor-mentee distribution system. Each faculty member will serve as a mentor to a given group, allowing students to benefit from the expertise of teachers throughout their three-year (or four-year, starting from 2023) degree course.

### **Mentor Responsibilities:**

1. Guidance: Provide academic and professional guidance to mentees.
2. Support: Offer emotional support and encouragement.
3. Feedback: Give constructive feedback on mentees' performance and progress.
4. Role Modeling: Demonstrate professionalism, ethics, and values.
5. Networking: Introduce mentees to relevant contacts and opportunities.
6. Goal Setting: Help mentees set and achieve academic and career goals.
7. Regular Meetings: Schedule regular meetings to discuss progress and concerns.
6. Goal Setting: Help mentees set and achieve academic and career goals.
7. Regular Meetings: Schedule regular meetings to discuss progress and concerns.

### **This structured approach fosters the following:**

**Enhanced teacher-student interaction:** Encouraging more meaningful communication and engagement between teachers and students.

**Holistic development and support:** Providing students with well-rounded personal, academic, and emotional support.

**Improved academic performance:** Helping students achieve better results through continuous guidance and feedback.

**Stronger departmental cohesion:** Promoting collaboration and unity within the department, leading to a more supportive academic environment.

Our commitment to individualized attention and mentorship empowers students to excel academically and personally, preparing them for successful careers in economics and beyond.

**Note-** After the induction of Parnasudha karmodak, in the month of November 2023, students have been reallocated to all faculties member to share common responsibilities i.e., Holistic Development of students.

## **Mentoring Record for the session 2023- 2024**

**Name of Faculty with Designation: Shashi Kr Shaw, Assistant Professor**

**Department: Economics**

Generally, we mentor all students at the same time as well as individually as per requirement. As a mentor the first task is to create Ecosystem for the course followed by a guidance mechanism for holistic development of students.

### **Creating the Ecosystem, Content, and Structure for Effective Mentoring**

All of us encounter many opportunities in our lives to either mentor, or be mentored; and in any mentoring relationship the responsibility to foster and guide the process falls to both the mentor and the mentee. As a Mentor, we are the backbone of Higher Education Institutions (HEIs) and it's our responsibility to ensures better outputs and high employability for the students as well as high enrolment ratio. Some of the issues that students faces in general, such as attendance/ leave problems, internal assessment or semester final examination patterns, evaluation patterns, learning problems, performance in exams, guidance for add-on courses and others are discussed from time to time to make them acquainted with the framework. Also all college, university notices are circulated accordingly and discussed, if required. I have formed an effective Ecosystem for students to guide them with all the relevant information related to their Course, activities for their holistic development with incentive mechanism of sharing and caring for each other's.

### **Slow learner, Course information, Structure, Coverage and Holistic Approach**

Through surveys and one-on-one discussions, I identified that over 80% of students in the Department of Economics are slow learners and require additional support. To address this, I implemented targeted measures, including regular tutorial sessions, extra classes, and extended office hours for one-on-one discussions. These initiatives have yielded positive outcomes, such as improved student engagement, enhanced academic performance, and increased student satisfaction. By providing tailored support, I have created an inclusive learning environment

that fosters academic success and personal growth for all students, helping them overcome learning difficulties and achieve their academic goals.

**Supplemental Learning Platform** -I have created website for Course information of each semester, this helps students to know the progress of the course as per syllabus.

Also, study notes as well as several lectures videos (more than 120 in YouTube- <https://www.youtube.com/c/shashikrshaw/playlists>) are made available for students covering syllabus for all courses offered by me like Introduction to Economic Theory, Macroeconomics Theory 1 & 2, Microeconomics, Mathematical Economics 2, International Economics, Development Economics, Basic Econometrics and Economic Growth.

### Providing Students Information about various Competition

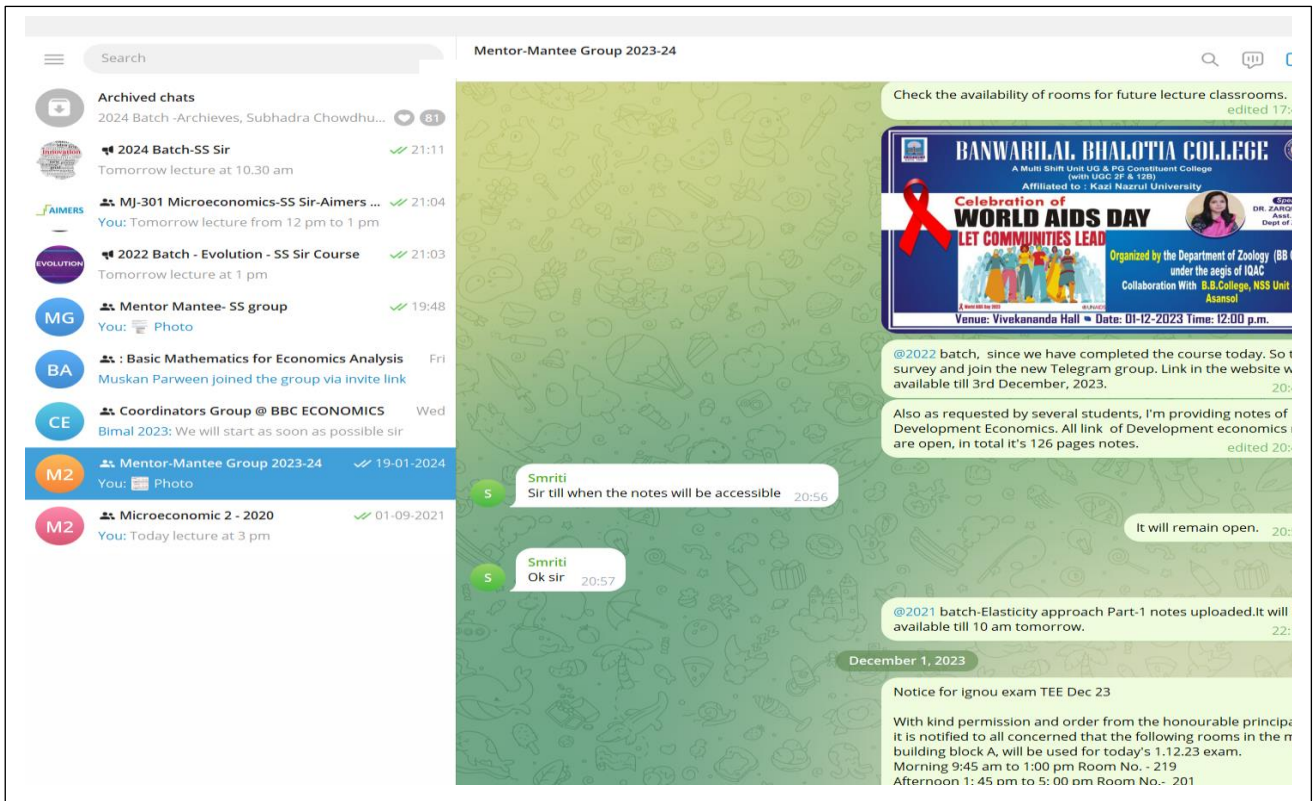

## Informing Students about creation of ABC, also guiding them through direct Interaction

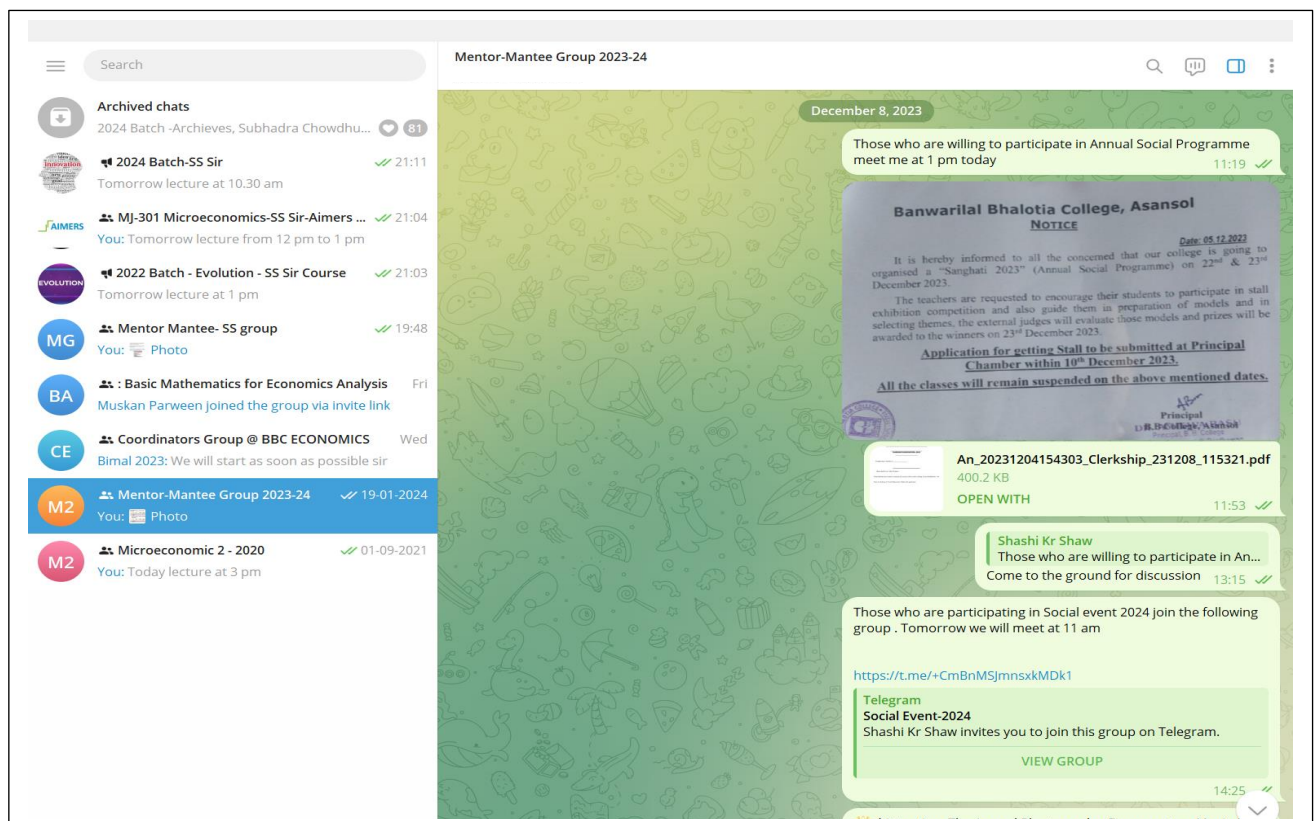

Students utilize Mentor-Mentee groups effectively to further their knowledge, cultivating a supportive learning environment. Through regular interactions, mentees gain valuable insights, clarify doubts, and develop skills, while mentors provide guidance, encouragement, and expertise. This collaborative approach fosters academic excellence, confidence, and personal growth of students.

Regular classes were consistently conducted, even during examination periods of other semesters, to ensure uninterrupted learning. Additionally, comprehensive notes were promptly made available to support students facing challenges in specific courses.

To understand topics

For clear my doubt

I attended classes regularly because, I really like studying economics and also our professor explains each and every topic in detail, even though I live 25 km far away from college and it makes me exhausted but attending every lecture was worth it.

- The course was really very vast, our professor took 130 lectures to completely explain the course including technical secession as many of students aren't from maths background. He really puts a lot of effort in making us understand the topic deeply. Sometimes sir also gives us party for our hardwork. Sir makes us explain in story and mind map which is really helpful in studying At last I want to say our professor puts a lot of effort and I don't want to disappoint him

## Google meet session conducted for career related guidance

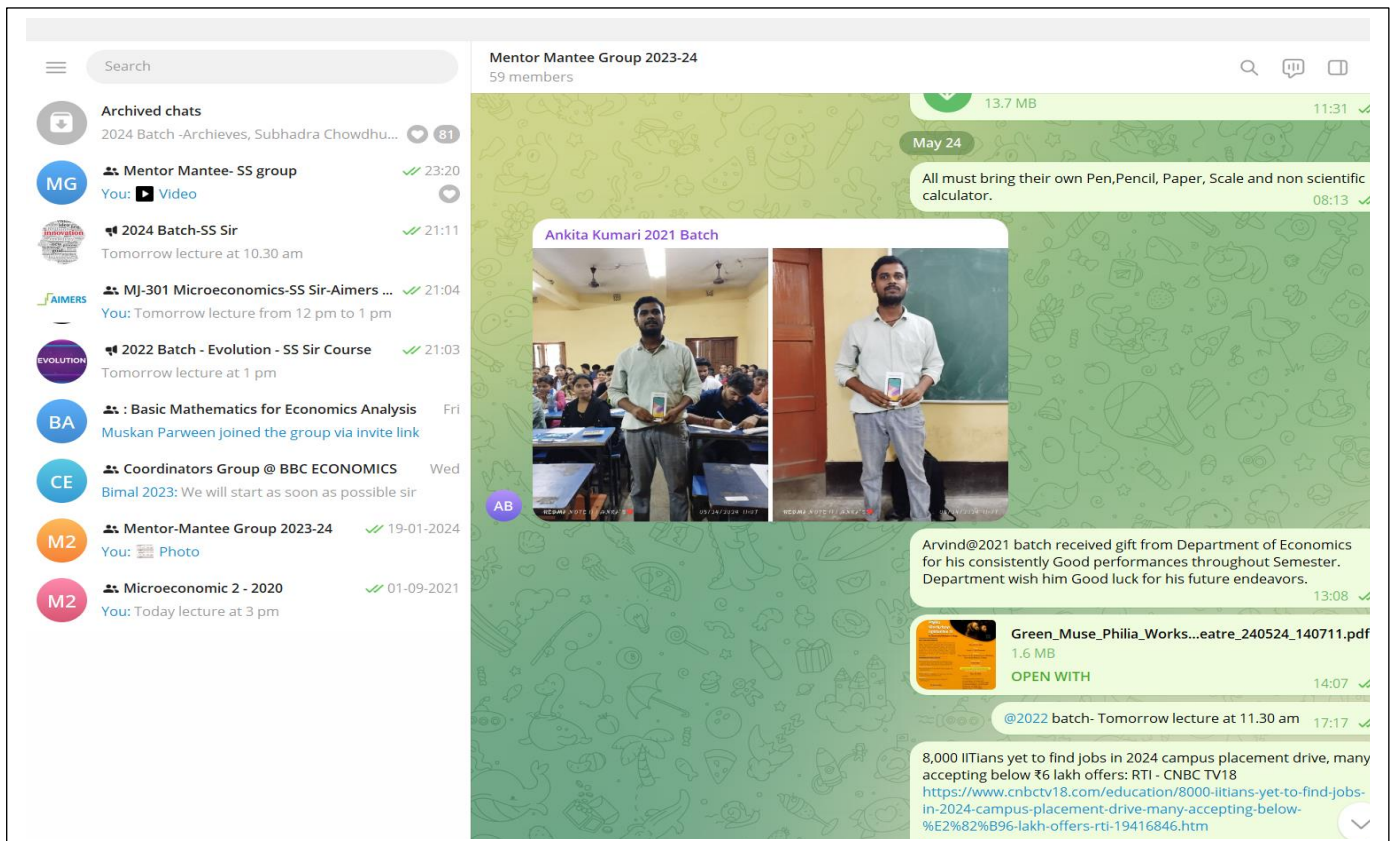

## Students participating and performing well in various competition throughout the semesters

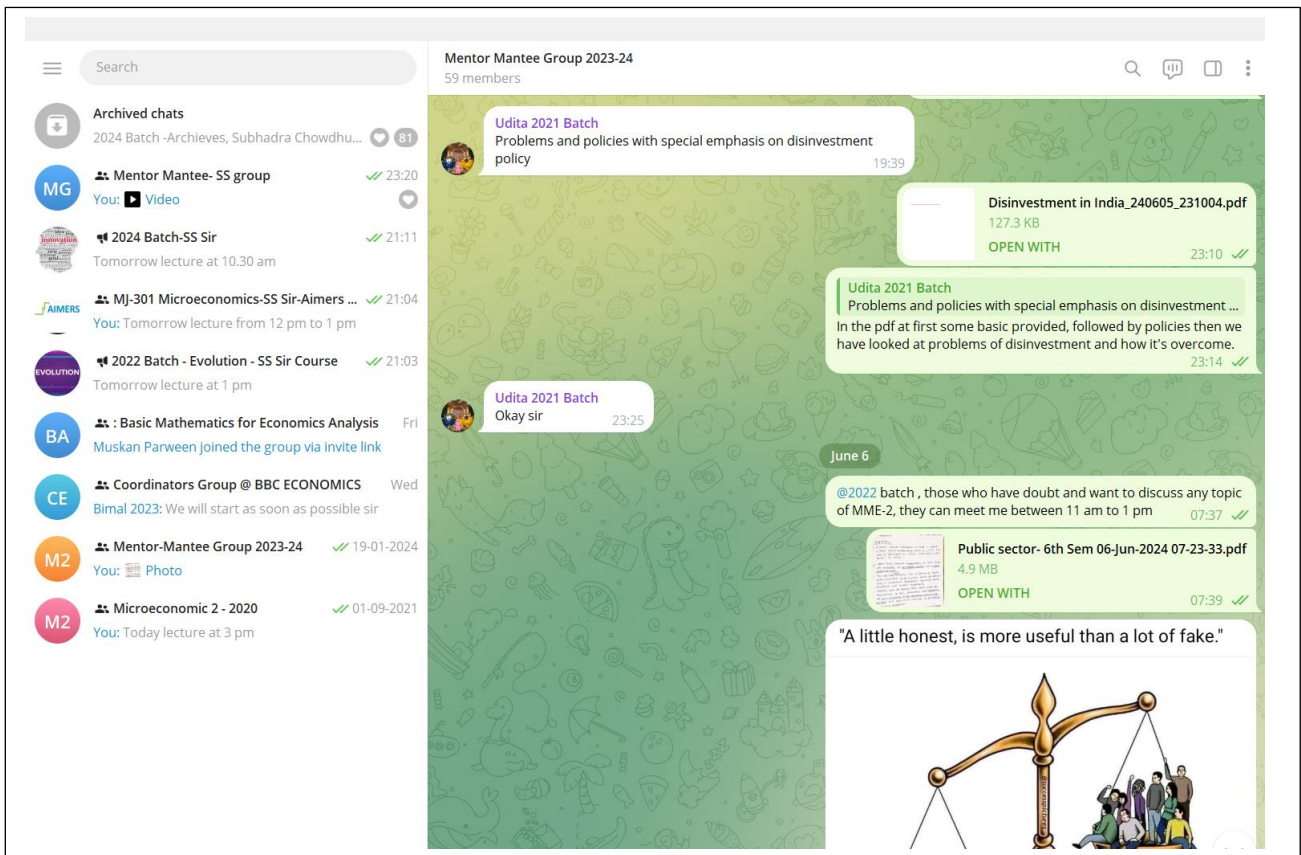

## Motivating students through Mentor-Mantee Group

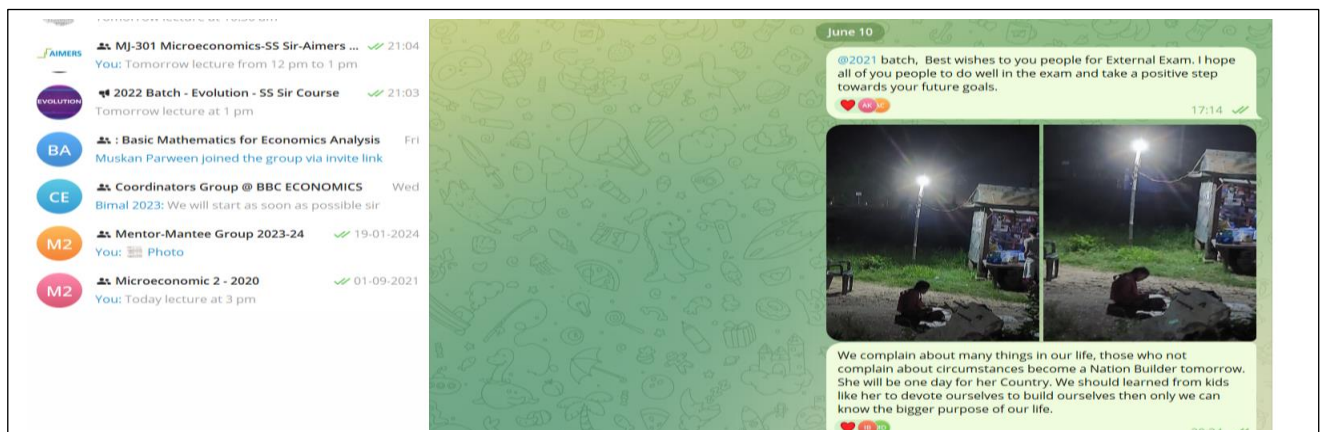

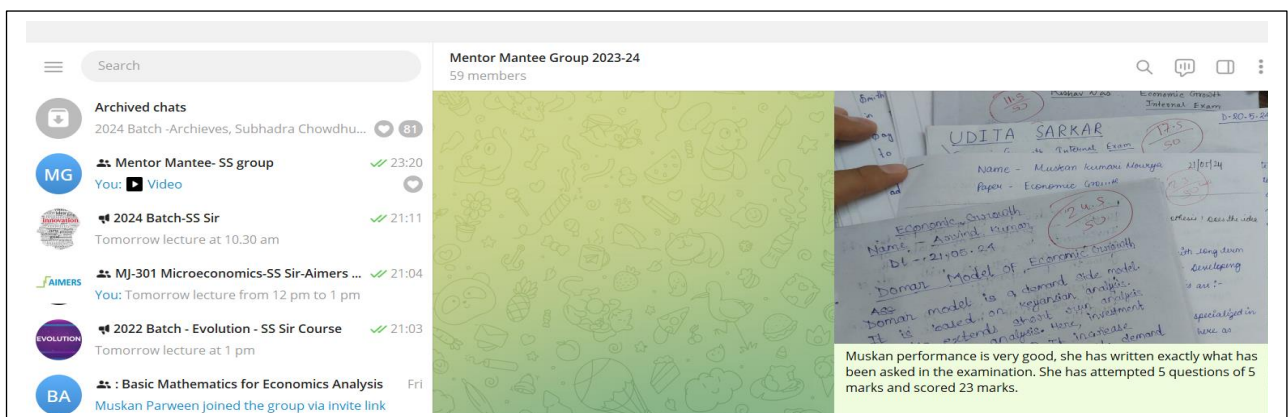

Arvind from the 2021 batch was rewarded for his hard work, consistency, discipline, and helpful nature toward his classmates.

Students were encourage to meet me after lecture hours to clear their doubts

Regularly conduct tests, evaluate students' performance, appreciate their good work, and share life experiences with them.

## **Personalized Guidance and Support**

In addition to regular Mentor-Mentee group guidance, I address numerous times mentees' issues individually also through WhatsApp, Telegram, email, phone calls, and direct meetings to provide personalized guidance on a variety of matters such as health, personal, family, career, competition participation and technical issues. I ensure that this guidance is infused with empathy—by actively listening, showing understanding, and responding with care—and emotional intelligence—by recognizing and managing both my own emotions and those of the mentees, offering support that is both practical and emotionally sensitive. This helps create a trusting environment where students feel supported and empowered to overcome their challenges.

## **Anonymous Survey**

As part of preparing the Mentor-Mentee report, I conducted an anonymous student survey to solicit honest feedback. I am pleased to report that the results yielded overwhelmingly positive responses, with all participants expressing satisfaction with my mentorship effort. The survey findings highlight the effectiveness of general as well as tailored guidance, open communication, and empathetic approach, demonstrating a supportive and inclusive learning environment that fosters academic growth and success.

Sir Mentorship is great helpful.Sir cleared any doubts regarding career even in late night . Sir is very responsible for his duty which,I like. Sir has all qualities of an ideal teacher.

It was my best experience or memory of my academic years, because we had experienced every thing which was possible like social event works, exam pressure, life lessons and made unforgettable memories which will live with us till last days.(Note:-There is not a single word i have written to flatter sir, theses are my own thoughts which i was not able to express in my farewell day.Thank you sir for choosing education as your career.).

Guidence led by sir is like Chanakya and we will fulfill our role as Ashoka, because of sir guidance

Excellent

good

He is good

My overall experience was incredibly enriching, providing guidance that significantly enhanced my learning and growth

VERY GOOD

Very great full experience academic session. Very useful lesson learning about in this session

When I started my journey for UG in Economics hons as my regulaty after COVID-19 and online studies. From every one I received that this is very tough I will not be able to understand this subject.But That time I decided to continue and attend regular class which helped me the most. We participated in Two social events which was conducted in sir's guidance. That time sir told us to work hard and give our best and not thinking about the results. What will happen will be okay and good. The result is not in our hand but our work is in our hand what we can do is just work hard and hard as much as we can. This resulted in winning those events after that we celebrated our success. Using this we can do anything any work in our life. At last I would like to say to sir thank you for this wonderful session and wonderful lesson I shall always be thankful to your teachings and lessons

As a mentor, my main goals usually include:

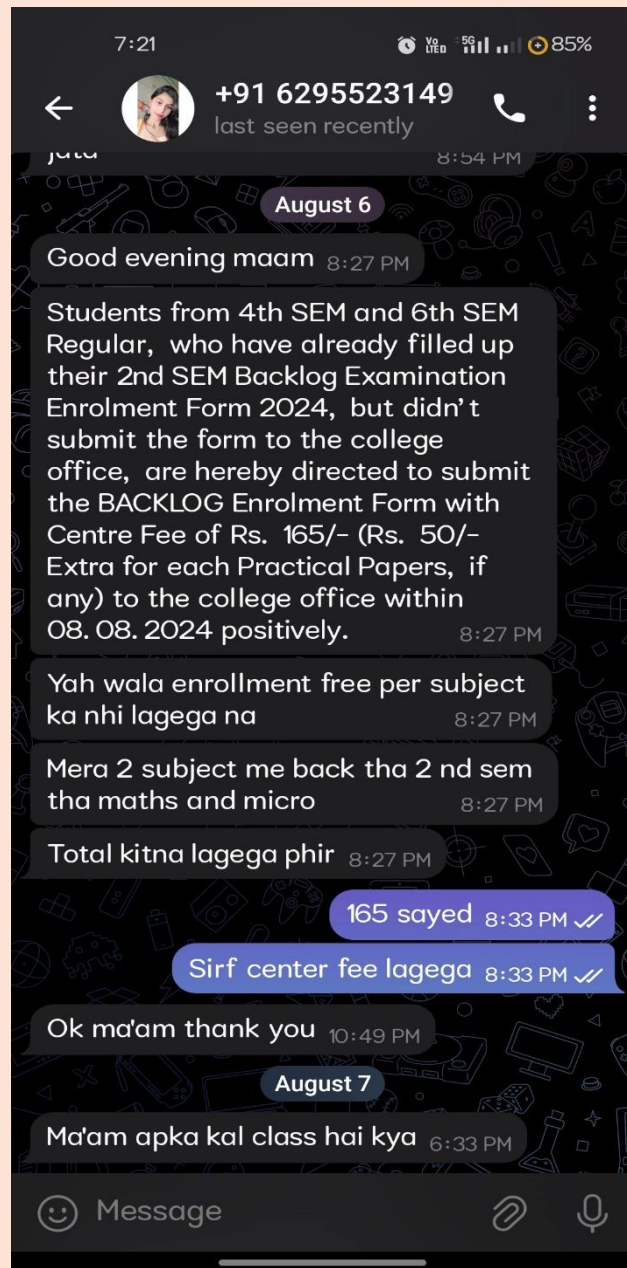

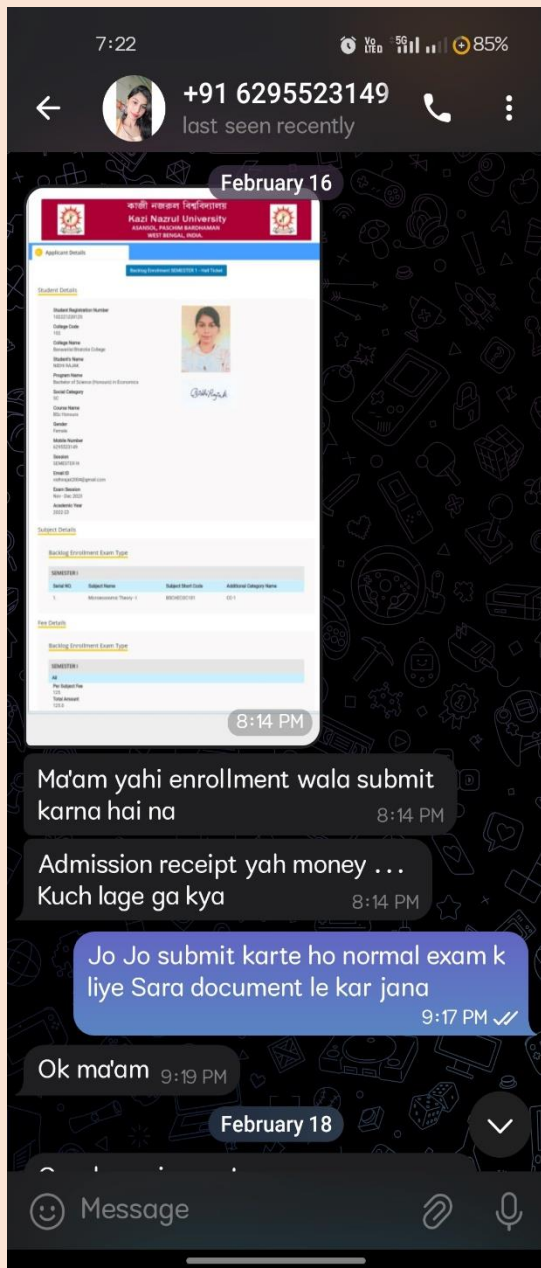

- 1. Guidance and Support:** Provide direction and advice to help my mentees navigate their personal and professional journey.
- 2. Skill Development:** Support my mentees in acquiring new skills and knowledge relevant to their goals and aspirations.
- 3. Confidence Building:** Encourage mentees to take risks and make decisions to foster self-confidence.
- 4. Networking Opportunities:** Introduce them to valuable connections within your professional network that can assist in their growth.
- 5. Goal Setting:** Assist in defining clear, achievable goals and establishing a plan to achieve them.
- 6. Provide constructive feedback and encourage self-reflection for continuous learning and improvement.**
- 7. Encouragement of Independence:** Empower the mentees to think critically and make independent decisions, preparing them for future challenges.
- 8. Personal Growth:** Support my mentee's personal development, helping them to understand their strengths, weaknesses, and values.
- 9. Building Resilience:** As a mentor, I teach them how to handle setbacks and challenges effectively, fostering resilience.
- 10. Creating a Safe Space:** Establish an open, trusting relationship where they feel comfortable sharing their thoughts and concerns. Also, I invite questions and encourage a two-way conversation, ensuring that they understand the feedback and can express their thoughts.

By focusing on these goals, I, as a mentor, can establish a meaningful mentoring relationship that benefits both me and my mentees.

## *Mentorship Report for the Session 2023-2024*

### **Name of Faculty with Designation:**

Mr/ SatyashreeDeviprasad Rout , State Aided College Teacher  
Miss/ Poulomi Sarkar , State Aided College Teacher

**Mentees Allotted:** Proportionately All the Semester students of 1<sup>st</sup>, 2<sup>nd</sup>/3<sup>rd</sup>, 4<sup>th</sup>/5<sup>th</sup>, 6<sup>th</sup> B.A. Education (Honours) are divided under the mentorship of Satyashree Rout and Poulomi Sarkar.

Satyashree Rout and Poulomi Sarkar considered this responsibility as a mentor very sincerely and tried to guide all their students (and especially the students in their mentee group) in every way possible. They kept them self readily available for the students and encouraged the students to communicate with them in case of any problems. Hence students approached them with various academic as well as non-academic issues; occasionally in a group for some general problems and sometimes individually for some personal problems. Satyashree Rout and Poulomi Sarkar sincerely tried with their best effort to resolve each of those issues as early as possible. The students were quite satisfied with their mentorship duties. Following are some sample documents as mentorship records by Satyashree Rout and Poulomi Sarkar.

### **Some Issues & Their Resolution:**

**1. Providing Academic Support:** As the new National Curriculum and Credit Framework Syllabus (NCCF) has been introduced to the Course Curriculum of all the Universities in India as per as the guidelines provided by UGC, many students found that the textbooks available in the market or the College Libraries were inadequate (to some extent) to cover the whole syllabus under this new CBCS framework. Hence, they frequently enquired about supplementary study materials for a better understanding of the topics.

**Action Taken:** This issue was resolved as a huge number of lecture notes along with an ample amount of soft copies of various reference books were provided by Satyashree Rout and Poulomi Sarkar to their students.

**2. Proper Circulation of Various Notices:** As University, College and Department issued various notices regarding admission, registration, enrolment, exam etc., the students often reported that they didn't get the notices/information at proper time.

**Action Taken:** In this regard, some dedicated WhatsApp groups were created and all the important notices were meticulously sorted and instantly forwarded by the faculty to the respective group of students so that they got the required information at proper time. Moreover, Satyashree Rout constantly encouraged the students to attend and participate in various Academic Seminars & Cultural/Sports Program organized by College/Department by posting the brochures/program schedules in their groups. Many Notices regarding Admission in Higher Education Institutes and Job/Campus Interviews were also forwarded by Satyashree Rout for the benefit of the students.

**3. Providing Technical Support:** As per the Government Guidelines, the Universities and Colleges introduced online portals for all the activities like Admission, Registration, Enrolment, Publication of Results etc. Many students were not so digitally advanced and they faced various major or minor technical problems.

**Action Taken:** SatyashreeRout was very much concerned regarding this problem and he made himself readily available for the students facing technical problems. Some general technical issues like login, scan & uploading of documents, filling up the forms etc. were addressed by SatyashreeRout through the common WhatsApp groups of the students. However, some problems required individual attention which were sorted and solved through personal communication with proper discretion.

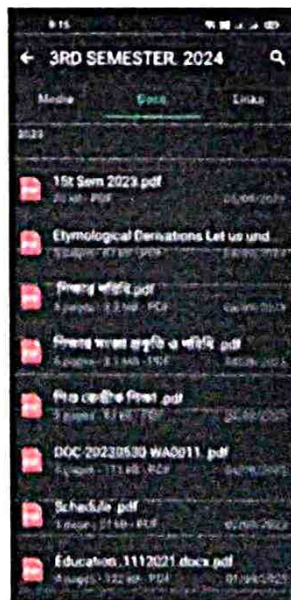

**4. To Develop Problem Solving Capability:** Some students reported their inability to solve some problems by themselves of their Course Syllabus, despite they understood the topics covered in their class hours. In most of these cases, the students approached the teachers outside the classes.

**Action Taken:** Though Department had arranged some Tutorial Classes for the overall benefit of the students in this regard, some students still faced difficulties. Whenever they contacted Satyashree Rout and Poulomisarkar regarding some specific problems, they tried to solve them and elaborately demonstrated the solutions/hints to the corresponding student through telephonic conversation/WhatsApp chat to enable his/her problem-solving skills.

**5. Counselling for Higher Studies:** Some of the students wanted to advance their career through higher studies like doing M.A, Ph.D or Integrated Ph.D. However, they were pretty much clueless about how to prepare themselves for the Entrance Exams or how to apply properly for admission. Some of them asked to help him/her to choose the topics of Specialization. In this regard, they sought guidance from the teachers.

**Action Taken:** Satyashree Rout whole heartedly tried at his best to provide proper guidance to the students regarding the preparation for the exams, procedures of admission, to select the choice of Specialization topics etc. Proper counselling was provided to each individual student for every necessary steps. Some sample screenshots of WhatsApp chats are provided below.

### 1. Ist&IInd Sem (2023-24)-

**Description:**

As per the general guidelines provided by UGC and the college authority, Department of Education, B. B. College, Asansol provides a dynamic mentoring system for benefit and up-liftment of the departmental students. The students of each semester are divided into separate groups and a faculty is assigned to be the mentor for a particular group. The Department issues a notice in this regard well in advance. Each of the mentors tries to address the issues raised by the corresponding students. However, the students are also encouraged to contact the other faculties (other than their mentor) regarding their problems, if needed. Most of the students are very much satisfied with this mentorship system as provided by the Department. Following are some of the aspects which were dealt during the academic sessions of 2023-24.

1. Providing advices and technical assistance during subject selection and filling up of admission forms at the time of their admission. This type of guidance is also provided during examination form fill-up process.
2. Guiding and assisting the students to avail different scholarships as suitable for them.
3. Introducing and encouraging students to consult various reference books and lecture notes (both offline & online). Some YouTube based teaching videos or links of important useful lectures are also shared with the students.
4. Introduction to the MOOC based learning platforms like NPTEL, Swayam, ePathshala, NDLI, Inflibnet etc. This is done as a whole by our librarian at the beginning of the session.
5. Helping them to prepare for different types of competitive exams and guiding them for next higher level (PG) studies and preparation for entrance tests.
6. Dealing personal problems viz. health related issues, personal matters, economic problem etc.

The detail Mentorship Reports of the individual faculties are attached herewith.

## Student Mentoring

### Department of English (Session: 2023-2024)

This is to bring to the notice of the students that they are placed under the mentorship of the following teachers of the department, as described below. Students may approach their assigned mentors with various issues. Utmost care will be taken to try and ensure individual attention to all cases.

Serial no	Name of the mentor	Semester
1	Dr Subrata Kumar Mandal	Semester I +II
2	Prof Shubhra Singh Sardar	Semester I +II
3	Prof Saswati Nayak	Semester I +II (3-year course)
4	Prof Amrita Mitra	Semester III + IV
5	Dr Uddalak Dutta	Semester V + VI

Record of mentorship. Subota Kumar Mandal

Just after taking admission in 4 year degree course the students faced a lot of confusion. From the very first day they <sup>(Sem I students)</sup> started putting questions regarding their minor course and other related problems. I asked them to attend the classes regularly and I would answer their questions after seven days. Just one week later I explained the new syllabus, its type, its difference with previous ones etc. They listened to my words with rapt attention and the problem was solved. I was satisfied to see them content.

RECORD OF MENTORSHIP — DR. UDDALAK DUTTA

Many students of the outgoing Sem VI batch enquired about preparation for M.A. in English through C.U.E.T. Dr. Dutta immediately took cognizance of the matter. These students were asked to meet him during Tutorial classes, where the mentor offered some valuable suggestions ~~for~~ to the aspiring candidates. He also contacted the librarian and requested him to help these candidates with accessing necessary web resources. Some relevant History of Literature textbooks were suggested to these candidates.

U. Dutta

## Record of Mentorship - Anvita Mitta

Students faced some academic problems in regard to certain texts, especially Paper X - Popular Literature and Indian English Literature. Such doubts were addressed by the mentor. Students of the also felt more comfortable with texts like Pride and Prejudice after watching the cinematic adaptation. The Mentor tried to present a variety of vantage points, helping the students get a better grasp of the topics. The students were further provided with a list of secondary readings (Pdfs were provided on whatsapp group), assisting them in deeper comprehension of the texts.

A. Mitta

## Record of Mentorship - Shubhin Singh Bardai.

Students were struggling to understand the concept of Doctor Faustus as a morality play, which is a crucial aspect of analysing the text. They were unable to understand how a tragedy had been written in the tradition of morality play. To address this the mentor carefully explained the elements that define Doctor Faustus as a morality play, highlighting how the characters and narrative convey moral lessons. The mentor provided examples of key scenes that illustrate Faustus's internal struggle between salvation and damnation and how these reflect the play's moral framework. Additionally the mentor shared specific study materials including articles and summaries, that offered further insights into the tradition of morality play. These resources enabled the mentee to better understand the moral significance embedded within the play, ultimately enhancing their analytical skills and appreciation for Marlowe's work.

Respected Sir,

Subject: Request to allow our student to receive counselling at the Department of Applied Psychology

This is to inform you about a student of our college who is going through a difficult phase in his life. He attributes these bouts of mental depression to the recent unfortunate demise of his two close friends. This has also affected his academic progress.

In light of the above, I request you permit him to attend the counselling services provided by the Department of Applied Psychology, Kazi Nazrul University. I believe regular counselling can help the student overcome his current situation and move ahead in life. The details of the student are given below:

Aneeqe Ansari, Semester VI, Department of English, Banwarilal Bhalotia College, Asansol.

Respected Sir,

As you will remember, one of our students Sri Aneeqe Ansari (Semester VI) has been suffering certain psychological / mental difficulties for quite some time. In this connection, he has been sending several sensitive WhatsApp messages (as well as calls) to our faculty. We interacted with the student as well as his father in the department and tried our best to understand his problem. Following these developments, we escalated the matter to the college authorities. We would like to thank you for your well-meaning and proactive steps in recommending him for counselling with Dr Urbi Mukherjee, Department of Applied Psychology, Kazi Nazrul University, Asansol.

We would like to place on record our gratitude for your immediate response to this sensitive issue. We believe that these steps will definitely help the student to reach out to experts who are well-suited to assist him in the given circumstances.

Thanking you,

Yours faithfully,

The Department of English, Banwarilal Bhalotia College, Asansol.

Date : 5/04/23

Issue: The student faced some problems due to not issuing the student Identity Card. She comes from a remote place by bus. But she could not avail the student-concession regularly due to not having the proper Identity Card. Sometimes she had to face some mental harassment for not paying the full fare.

Solution:

Proper attention was paid to sort out the problem. Primarily, the mentor communicated with the office staff, assigned for issuing the Identity card. But the issue was not solved. Therefore, the mentor informed the matter to Principal Sir and requested to look <sup>into</sup> after the issue. Sir had taken the initiative and finally the Identity card was issued to the student.

Name: ~~Mukul Kumar~~ Kinnam Sharma

Date: 11/12/23

Issue:

The student informed me that he would not be able to appear for the internal examination. He had some medical emergency and would be out of station for treatment.

Action taken:

The matter was discussed with other colleagues in the department. Considering his situation it was decided that his internal examination would be ~~at~~ scheduled on another date. The student appeared for his exam on that date.

Name: Adity Chakravarty

Date: 13/12/23

Issue:

The student enquired about the diff. scholarships offered from the college, state and central Govt and other non-govt. organizations for pursuing the degree courses. He also asked about the scholarship which would be most beneficial him.

Solution:

Considering his marks obtained in previous exam and monthly income of his guardian the mentor suggested to apply for Swami Vivekananda Merit-cum-Means scholarship. The student applied for it and availed the scholarship of Rs 18000/- per year.

15/06/24

Name: Himanshu Ram

Date: 2/01/24

Issue:

The student was in struggle with self-doubt and lack of confidence regarding some topics of practical paper allotted for his semester. He asked for some help and assistance to sort out the issue.

Action taken:

The mentor suggested to begin his practice with some easy problems and guided him to solve those problems. He also referred some books which should be consulted. The student gradually improved his skill on that subject and performed better than his previous condition.

2/02/24

Name : Rashmi Kumari

Date : 10/01/2021

Issue:

The mentee belongs to a very poor family and due to some document related issues she could not avail the scholarship too. Consequently she could not arrange the amount required to pay for excursion fee. She asked for some concession regarding this.

Action taken:

The matter was discussed with some of the ~~sta~~ classmates of the student. The As the excursion was compulsory for all the students they agreed to pay some extra amount to fulfill the concession fees of their friend. This was also informed to the travel agent and they also considered her situation. Finally the student availed almost 40% of total ~~con~~ excursion fees.

Name: Mithlesh Kumar Singh  
Date: 28/05/24

Issue:

The mentee could not attend some important classes at computer lab. So, he could not complete his task assigned for the next classes and for the Laboratory Note book. He requested me to guide him personally as he was in trouble due to some family related issues.

Action taken:

The mentor advised him to attend the classes regularly. The mentor also suggested to bring his own laptop in the class and helped him to solve the task after scheduled classes. Thus the issue was resolved and the student was able to complete his task in due time.

Name: Muskan Thakur (Semester I)

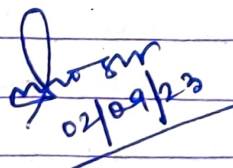

Date: 2nd September, 2023

Issue:

The student had taken Political Science as GE paper. However, she was unable to cope up with the subject matter and was finding it difficult to comprehend. She instead wanted to change her GE paper to History which was also her one of the subject during the 10+2 examinations.

Solution:

After taking into account the problem faced by the student, the concerned teacher was contacted. He helped the student to change the subject and guided her so that she would not face any problem during the registration process of the University. After being able to change the subject, the student was pleased and satisfied.

Name: Vishal Rajak (Semester III)

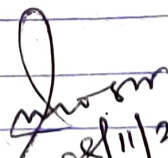

Date: 8th Nov, 2023

### Issue:

Owing to medical emergency, the student was unable to sit for the Internal Practical Examination. He had to visit Hyderabad for an emergency surgery. The student requested if the examination could be taken sometime later after he is back from the visit and recovery.

### Solution:

Looking at the gravity of the medical emergency (medical reports were asked to be submitted by him), and in consultation with all other faculty members of the department, it was decided that the examination would be taken at a later date after he recovers from the surgery. He was asked to take good care of himself and have his medicines on time.

  
08/11/23

Name : Durgav Mishra (Semester V)

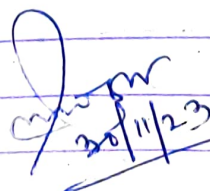

Date : 30th November, 2023

Issue :

Due to certain unavoidable family circumstances, the student was unable to attend college, thereby he missed lots of classes. After coming from the visit and attending classes, he realised he had missed out a lot and got worried and anxious about the same. He requested if the relevant topics could be discussed or if a doubt clearing class would be held so that he could cope up with the impending topics.

Solution :

The student was made aware about the tutorial/remedial/special classes that are held on a monthly basis in the department after the usual routine classes get over. He was asked to not worry, instead attend the special classes and get an understanding of all the missed out topics. It was also told to him that he should try and avoid missing classes during the commencement of the semester.

  
20/11/23

Name: Sujit Mehta (Semester II)

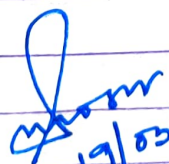

Date: 19th March, 2024

### Issue:

The student lost his ID card and requested if a new can be issued in his name. As the student did not have an ID card, he was refrained from entering college, he was unable to avail concession in buses and as a result, was facing problems.

### Solution:

Initially, the student was made to realize that losing the ID card was something that was completely uncalled for. He was explained the need to take care of things, given his age and that further he will have to take several other responsibilities in life where he has to be extra cautious. However, the concerned person in the college was contacted and a duplicate card was produced.

  
19/03/24

Name: Guddia Kumari (Semester VI)

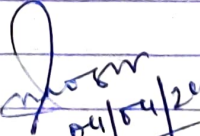

Date: 4th April, 2024

### Issue:

The student wanted some guidance regarding future opportunities beyond the academic domain of the discipline. She wanted to explore the industry related job prospects after completing graduation in Geography. She was quite tense about her future.

### Solution:

The mentee was thoroughly explained the importance of a job in the future. However, she was counselled that she does not keep on worrying about what would happen and what job she would get. Regarding the prospects, detailed information was provided about the RS/GIS industry which is emerging and has a great prospect in the years to come. She was helped to make connection with the Regional Coordinator of ESRI, a leading company in this field.

  
04/04/24

Name : Anand Khawala (Semester II)

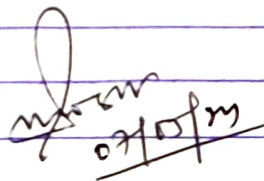

Date : 7th May, 2024

Issue :

The student was unable to comprehend quite a lot of topics taught in class. He requested so that he is again explained those topics along with the answers that he has prepared. Alongside, he was also having problem while learning the answers and was unable to understand which way was to be dealt to comprehend a question.

Solution :

Paying attention to the eagerness of the student and his desire to learn, thorough support was provided. He was made aware of remedial classes and his answers were checked properly. He was motivated so that he gains confidence to handle the academic pressure single-handedly.

## **MENTOR-MENTEE REPORT, 2023-24**

### **Department of History (Hindi Shift)**

#### **Banwarilal Bhalotia College**

#### **Asansol-713303**

From the inception of the Hindi shift of Banwarilal Bhalotia College, we have been providing various supports to our beloved students starting from their university form fill-up to fellowship form, providing photocopy of books, guidance for higher studies etc. For preparing mentor-mentee, responsibility of students of separate semesters was given to separate faculties.. But there was no strictness in the group; any student could take help or suggestions from any teacher. Each of the semesters has four students (two boys, two girls) representatives selected by the students themselves. In that way teachers could easily come to know about the problems of students. However, it was not mandatory for a student to come through student representative.

#### **Some of the issues dealt in the session 2023-2024:**

1. Advice and assistance regarding the selection of MD and MINOR papers
2. Guiding students for the University registration process and other university form fill up.
3. We shared study materials, YouTube link and also introduced learning platforms like Swayam, e-pathshala, NDLI etc.
5. Advised students for competitive exams preparation and also guided them for higher education (PG or B.Ed) studies.
6. Guiding students in applying various scholarships.

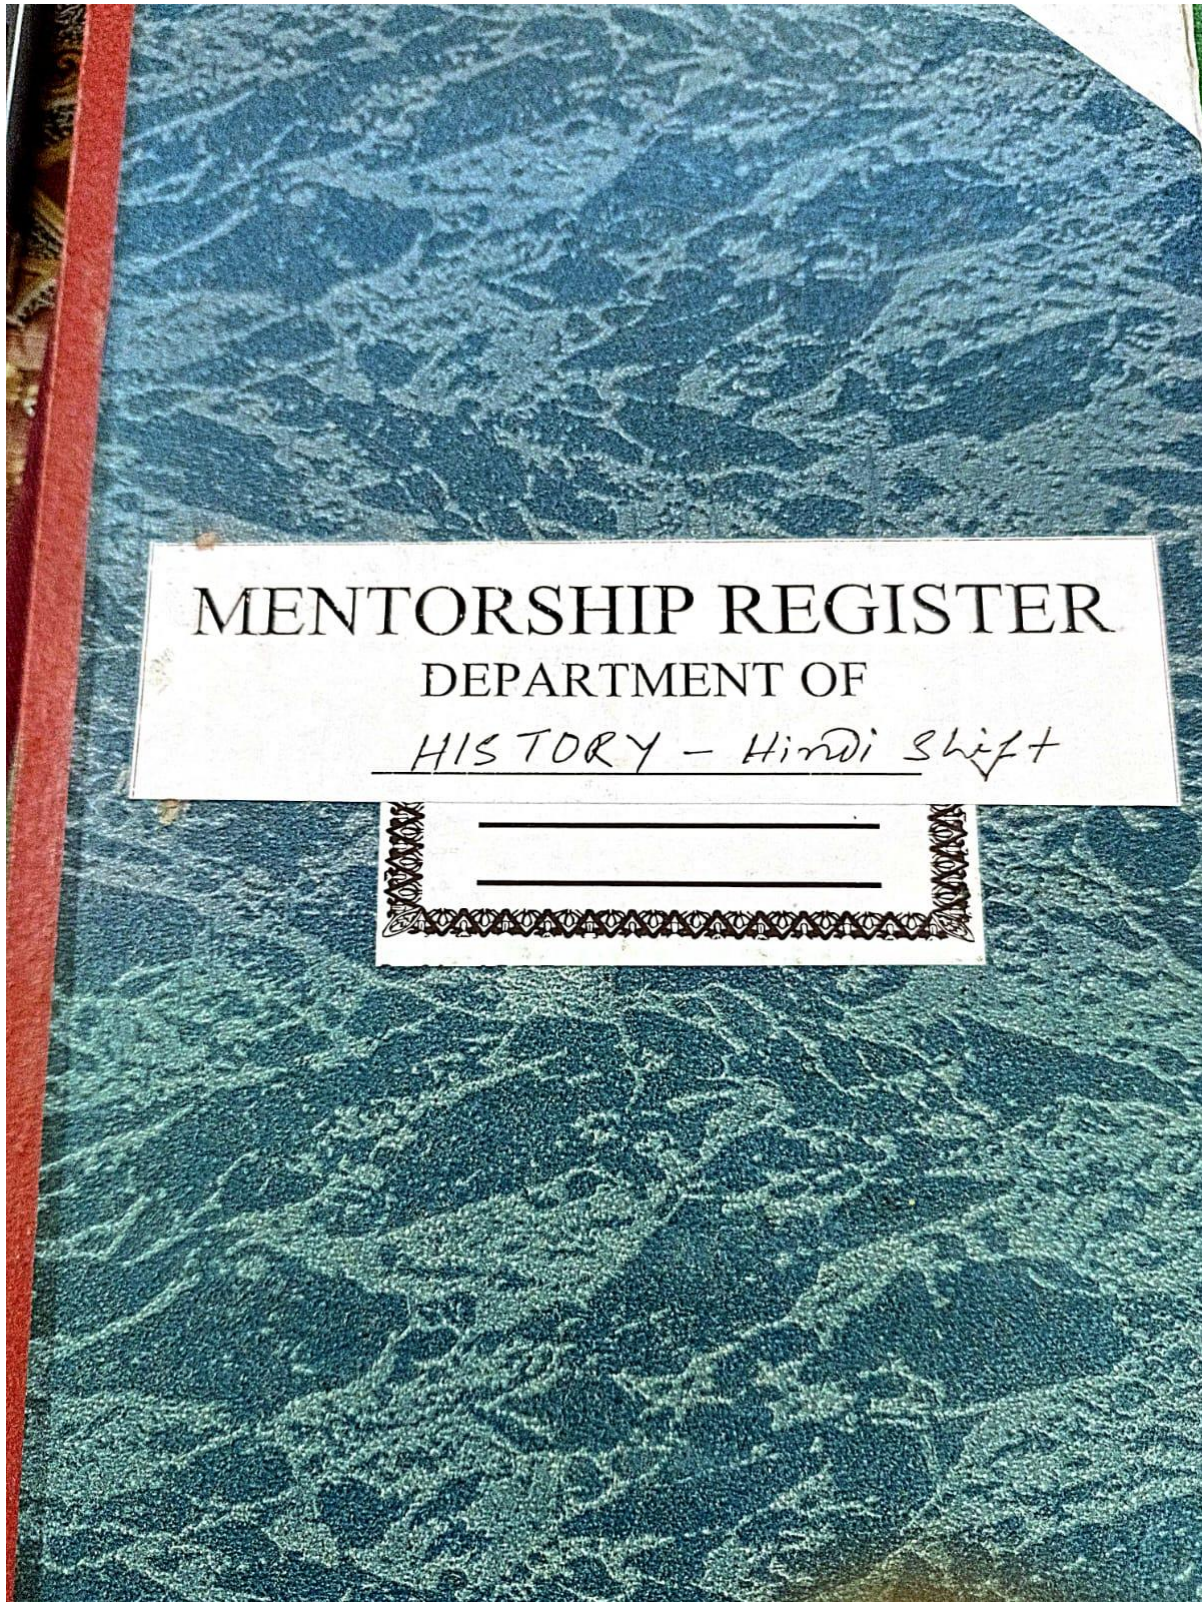

## Notice

Students should consult your Mentor for your all-academic related problems viz., admission, exam, syllabus, books, higher level entrance test or courses and their prospects etc. Your Mentor will also keep records about your development and you should provide suitable information to your Mentor.

Mr. Sanjay Kumar Pan and Mr. Manish  
S. Yadav, 1st semester students  
approached me for different  
reasons. Manish wanted to know  
about the sports opportunity in our  
college along with the academic  
possibilities. Sanjay, on the other  
hand, wanted to have a clear  
idea about the new NEP history  
syllabus and its overall structure.  
I gave them the necessary information.

**STUDENTS' SEMINAR dated 11.08.2023**

## DEPARTMENT OF HISTORY

### **CRITERIA 2.3.2**

#### **STUDENTS MENTORING SYSTEM**

#### **Description:**

As per the general guidelines provided by UGC and the college authority, Department of HISTORY Day Shift, B. B. College, Asansol provides a dynamic mentoring system for benefit and upliftment of the departmental students. The students of each semester are divided into separate groups and a faculty is assigned to be the mentor for a particular group. The Department issues a notice in this regard well in advance. Each of the mentors tries to address the issues raised by the corresponding students. However, the students are also encouraged to contact the other faculties (other than their mentor) regarding their problems, if needed. Most of the students are very much satisfied with this mentorship system as provided by the Department. Following are some of the aspects which were dealt during the academic sessions of 2022-2023 & 2023-2024:

1. Providing advices and technical assistance during subject selection and filling up of admission forms at the time of their admission. This type of guidance is also provided during examination form fill-up process.
  2. Guiding and assisting the students to avail different scholarships as suitable for them.
  3. Introducing and encouraging students to consult various reference books and lecture notes (both offline & online). Some YouTube based teaching videos or links of important useful lectures are also shared with the students.
  4. Helping them to prepare for different types of competitive exams and guiding them for next higher level (PG) studies and preparation for entrance tests.
  5. Dealing personal problems viz. health related issues, personal matters, economic problem etc.
- The detail Mentorship Reports of the individual faculties are attached herewith.

## **Banwarilal Bhalotia College, Asansol**

### **Mentorship Report for the Session 2023-24**

**Name of Faculty with Designation:** Sri Amrita Haldar, Assistant Professor, Dept. of History

**Mentees Allotted:** 1<sup>st</sup> & 2<sup>nd</sup> Semester Students of B.A History (Honours) ( The detail list of the Mentees is attached in a separate file)

Sri Amrita Haldar considered this responsibility as a mentor very sincerely and tried to guide all his students (and especially the students in his mentee group) in every way possible. He kept himself readily available for the students and encouraged the students to communicate with him in case of any problems. Hence students from all the semesters (other than the mentees as well) approached him with various academic as well as non-academic issues; occasionally in a group for some general problems and sometimes individually for some personal problems. He sincerely tried with his best effort to resolve each of those issues as early as possible. The students were quite satisfied with his mentorship duties.

#### **Some Issues & Their Resolution:**

**1. Providing Academic Support:** As the new Choice Based Credit System (CBCS) has been introduced to the Course Curriculum of all the Universities in India as per as the guidelines provided by UGC, many students found that the textbooks available in the market or the College Libraries were inadequate (to some extent) to cover the whole syllabus under this new CBCS framework. Hence, they frequently enquired about supplementary study materials for a better understanding of the topics.

**Action Taken:** This issue was resolved as a huge number of lecture notes along with an sample amount of soft copies of various reference books were provided by the concern mentor to his students.

**2. Proper Circulation of Various Notices:** As University, College and Department issued various notices regarding admission, registration, enrollment, exam etc., the students complained that they didn't get the notices/information at proper time.

**Action Taken:** In this regard, some definite Whats App groups were created and all the important notices were meticulously sorted and instantly forwarded by the mentor to the respective groups of students so that they got the required information at proper time. Moreover, the mentor constantly encouraged the students to attend and participate in various Academic Seminars & Cultural/Sports Program organized by College/Department by posting the brochures/program schedules in their groups.

**3. Providing Technical Support:** As per the Government Guidelines, the Universities and Colleges introduced online portals for all the activities like Admission, Registration, Enrollment, Publication of Results etc. Many students were not so digitally advanced and they faced various major or minor technical problems.

**Action Taken:** The Mentor was very much concerned regarding this digital divide and he made himself readily available for the students facing technical problems. Some general technical issues like login, scan & uploading of documents, filling up the forms etc. were addressed by the mentor through the common WhatsApp groups of the students.

**4. To Develop Problem Solving Capability:** Some students reported their inability to solve some problems by themselves of their Course Syllabus, despite they understood the topics covered in their class hours. In most of these cases, the students approached the teachers outside the classes. Moreover, some students also sought some guidance regarding solving the sample questions/problems for various Competitive Exams like M.A, NET, SET, SSC etc.

**Action Taken:** Though Department had arranged some Tutorial Classes for the overall benefit of the students in this regard, some students still faced difficulties. Whenever they contacted the mentor regarding some specific problems, the mentor tried to solve them and elaborately demonstrated the solutions/hints to the corresponding student through telephonic conversation/WhatsApp chat to enable his/her problem-solving skills.

**5. Counselling for Higher Studies:** Some of the students wanted to advance their career through higher studies like doing M.A, B.Ed, or Integrated Ph.D. However, they were pretty much clueless about how to prepare themselves for the Entrance Exams or how to apply properly for admission. Some of them asked to help him/her to choose the topics of Specialization. In this regard, they sought guidance from the teachers.

**Action Taken:** The mentor wholeheartedly tried at his best to provide proper guidance to the students regarding the preparation for the exams, procedures of admission, to select the choice of Specialization topics etc. Proper counseling was provided to each individual student for every necessary steps.6.

**6. Mentoring for Exhibition:** Like every year, our College also organized the Exhibition in the Session 2019-2020. However, the students were confused about which topics to choose for modeling/demonstration purposes for this Program.

**Action Taken:** Some demonstrations regarding various project topics on Bishnupur Art & Architecture among the students and they were very much encouraged by the mentor to come up with their suggestions and to participate in the Exhibition.

## **Mentor-Mentee Report for 2023-24**

In the session 2023-2, a group of 30 students of first semester was allotted as mentees under me for the odd as well as even semesters.

**General Issues** The program was aimed at dealing with different problems like filling of registration forms, submission of college fees, departmental queries (like seminar library, routine, recommended books), syllabus, problems in topics, assignment questions, tests related problems, problems during initial covid pandemic period regarding regular online classes through Google meet, study materials, pdfs through WhatsApp group and through college websites.

### **Actions taken**

1. Study materials like e-resources for remote learning through college website, pdfs through WhatsApp group were provided.
2. The queries regarding WhatsApp group, online classes, notices were handled through messages and over phone also.
3. The queries regarding online exams were answered.

**Action Taken:** Keeping in mind the request and the necessity of students, the entire syllabus. They have been guided how to join the online classes through virtual platform, how they can raise their hand and ask their questions

#### **Some Issues & Their Resolution:**

**1. Providing Academic Support:** As the new Learning Outcome based Curriculum Framework (LOCF) was introduced to the Course Curriculum from the Session 2020-2021 along with the ongoing CBCS and since the College Libraries were closed due to COVID-19 Pandemic, many students faced a huge problem and they often required soft copies of books, study materials & video lectures for their online classes.

**Action Taken:** A huge collection of soft copies of various text & reference books along with a plenty of lecture notes were provided by the mentor to his students.

\*\*\*\* some link of materials.

**2. Mentoring for upGrad Platform:** As the College Authority introduced upGrad, a centralized online teaching-learning platform for a smooth functioning of the online classes, this was altogether very new both to the teachers and students. Almost all the students faced some difficulties to adopt to this new platform and there were numerous issues to be addressed.

**Action Taken:** The Mentor was assigned the duties as one of the few Admins for implementation of this upGrad platform by the College Authority, the names of all the students of History Department were collected and each of them were meticulously enlisted to the upGrad database by him. Further, the students were thoroughly guided by the mentor at each step of login and to join their respective classrooms to ensure that every single student can avail this online facility.

**3. Proper Circulation of Various Notices:** As the teaching-learning process was continued through online mode, all the notices regarding admission, registration, enrollment, exam etc. were issued virtually either through email, WhatsApp or SMS services. In this regard, the students were very much anxious to get the notices/information at proper time.

**Action Taken:** Dedicated WhatsApp groups were created and all the important notices were meticulously sorted and instantly forwarded by the mentor to the respective group of students so that they got the required information at proper time. Moreover, the mentor constantly encouraged the students to attend and participate in various Academic Seminars & Cultural/Sports Program organized by College/Department by posting the brochures/program schedules in their groups.

**Providing Technical Support:** The University and our College functioned through online mode for all the regular academic and administrative activities like Admission, Registration, Enrollment, Publication of Results etc. Many students were not so digitally advanced and they faced various major or minor technical problems.

**Action Taken:** Being very much concerned regarding this problem, the mentor made himself readily available for the students facing such technical problems. The students received prompt response in reply to their complains and most of the issues were resolved very quickly as they required immediate attention. Some general technical issues like login, scan & uploading of documents, filling up the forms etc. were addressed by mentor through the common WhatsApp groups of the students.

## **Mentor-Mentee Report for 2023-24**

The Mentor-Mentee Program was introduced in an organized way in the session 2017-18. In the session 2020-21, a group of 30 students of first semester was allotted as mentees under me for the odd as well as even semesters.

**General Issues** The program was aimed at dealing with different problems like filling of registration forms, submission of college fees, departmental queries (routine, notices, etc), online classes, registration under online platforms (UPGRAD), syllabus, problems in topics, online study materials etc

### **Actions taken**

1. The problems like not being able to registered in UPGRAD Online platform were solved through WhatsApp group. Some academic queries were discussed over the phone calls and were answered in no time.
2. The official and examination fees related problems were solved by connecting to the required official persons and by providing access to their mobile and WhatsApp numbers.

## **Mentoring Record for the session 2023-2024**

**Name of Faculty with Designation:** Sri Amrita Haldar, Assistant Professor

**Department:** History

**Mentees Allotted for the session:** 3<sup>rd</sup> and 5<sup>th</sup> Semester Students of B.A (Honors) History.

### **Action Taken Report with regard to Mentor-Mentee Discussions**

**General Mentee Issue:** In general, most of the students were unable to login and join classes using the Upgrade e-learning software which was registered by the college and launched centrally from the college administration to promote a student friendly, streamlined and organized teaching-learning process.

1. **Action Taken:** The problems like not being able to login on the platform were solved through the WhatsApp group. Some academic queries were discussed over the phone calls and were answered in no time.
2. The official and examination fees related problems were solved by connecting to the required official persons and by providing access to their mobile and WhatsApp numbers.

**General Mentee Issue:** The students requested to groom them for various competitive examinations.

**Action Taken:** A WhatsApp group for disseminating all information for competitive examination was made. The mentor suggested a few books, & YouTube Channel, News Paper, journal etc.

**General Mentee Issue:** Students occasionally complained that they are unable to join the online classes owing to the Network issue. They wanted a remedy on their missed classes.

**Action Taken:** Audio lessons recorded in my voice were shared in the WhatsApp group explaining the theory, concept and examples as taught in the class.

## **Mentoring Record for the session 2023-2024**

**Name of Faculty with Designation:** Dr. Gautam Majee, Assistant

Professor **Department:** History

**Mentees Allotted for the session:** 5<sup>th</sup> Semester Students of B.A. (Honors) History

### **Action Taken Report with regard to Mentor-Mentee Discussions**

**Mentee Issue:** Some students send me problems were facing to choose DSE papers, as they had no idea about those paper. During the registration of UPGRAD, many students were unable to register themselves to UPGRAD, even some of them forgot their email id which they had used at the time of admission.

**Action Taken:** I always discussed those given problems in the class, so that other students also know about those types of problems. I discussed the optional DSE papers with them clearly, They were guided about the different opportunities and constraints of those DSE papers.

## DEPARTMENT OF PHILOSOPHY

### CRITERIA 2.3.2

#### STUDENTS MENTORING SYSTEM

#### Description:

Department of Philosophy, B.B. College, Asansol organizes a mentoring system, according to the general guidelines provided by UGC and the college authority for both mental and academic upliftment of the departmental students. In this system, students of each semester are divided into separate groups and one faculty from the Department is assigned to be the mentor for a particular group. The students however can contact and take suggestion from the faculties of others groups if they feel so. A Departmental notice showing the different groups of mentees along with their mentor is issued in advance so that the mentees and the mentor can contact each other.

## Benefits of Mentoring System in general

This program was successful to resolve the different problems of the students like filling filling of registration forms, submission of college fees, departmental queries (like seminar library, routine, recommended books), syllabus, problems in topics, assignment questions, tests related problems, problems during initial covid pandemic period regarding regular online classes through google meet, study materials, pdfs through WhatsApp group and through college websites.

### Actions taken

1. Study materials like e-resources for remote learning through college website, pdfs through WhatsApp group were provided.
2. The queries regarding WhatsApp group, online classes, notices were handled through messages and over phone also.
3. The queries regarding online exams were answered.

The link for different topics of the syllabus given to the students online.

## DEPARTMENT OF POLITICAL SCIENCE

### CRITERIA 2.3.2

#### STUDENTS MENTOR MENTEE REPORT:

As per the general guidelines provided by NAAC, UGC and the college authority, Department of Political Science (Hindi Shift), B. B. College, Asansol provides a student oriented mentoring system for enhancing the quality of academic endeavors of departmental students under the prescribed guidelines for mentoring students. Department provides academic, moral and psychological support to the students as and when requires. Departmental faculty members act more like a friend, philosopher and mentor to the students. The students of each semester are divided into separate groups and a faculty is assigned to be the mentor for a particular group. Each of the mentors tries to address and resolve the issues raised by the respective students. However, the students are also encouraged to contact the other faculties (other than their mentor) regarding their concern be it academic, moral, psychological, family or personal issues if needed. As per feedback collected from the students about the departmental mentor-mentee system most of the students were very satisfied with the support system provided by the departmental faculty members. Grievances were noted from the dissatisfied students about the departmental mentor-mentee system and the Department is working on it to fix the issue. Following issues were taking into account and were tried to fix it in order to provide a better mentoring system.

1. Department had successfully organized two induction meeting for first semester newly admitted UG students (both Honours & Programme) in order to aware them about the CBCS pattern, Generic paper, LOCF, Question pattern, Evaluation system and Grading system.
