**Organized By: Central Library and Beagle – Nature Club unit of Banwarilal Bhalotia College, Asansol in Collaboration with IQAC, B.B. College, Asansol)**

**The Central Library and Beagle – Nature Club unit of Banwarilal Bhalotia College, Asansol** successfully hosted an engaging and thought-provoking workshop titled **“Transforming Waste into Art”**. This event aimed to promote environmental sustainability while encouraging creativity among students and staff. The workshop took place in the college library, a hub of knowledge and innovation, and brought together participants from diverse academic and artistic backgrounds.

### **Objective of the Workshop:**

The primary objective of the workshop was to raise awareness about the importance of recycling and upcycling waste materials. By focusing on the transformative potential of waste, the event demonstrated how discarded objects can be turned into functional or decorative items. This initiative aligned with the college’s broader commitment to sustainability and environmental consciousness. The workshop also sought to enhance participants' creativity, resourcefulness, and understanding of eco-friendly practices.

### **Workshop Details**

**Date and Time: 16<sup>th</sup> February, 2024, From 12 noon to 2 PM**

**Venue: New Library at the Administrative building**

**Facilitator: Mrs. Madhunisha Dutta**, an artist known for her innovative work in upcycling.

The workshop attracted **67** participants, including students, faculty members, and non-teaching staff. A well-curated collection of waste materials—such as discarded and damaged library books, plastic bottles, cardboard, old newspapers, fabric scraps etc were provided for hands-on activities.

### **Session Highlights**

The event began with a brief introduction by the Librarian and Coordinator of Central Library, Mr. Rajarshi Das, who highlighted the significance of incorporating sustainable practices into daily life. The keynote address by the facilitator underscored how art and sustainability can go hand in hand, transforming the perception of waste as a burden into an opportunity for creativity. Mr. Sayantan Dutta, the organizing secretary of Beagle, was the apt facilitator of the whole event.

## Hands-On Activities

The interactive session formed the heart of the workshop. Participants were divided into small groups and guided through various upcycling projects. Some of the activities included:

1. **Bottle Planters:** Using discarded plastic bottles, participants created beautiful planters, decorated with paint and recycled materials.
2. **Paper Mache Decor:** Old newspapers, damaged and discarded library books and magazines were used to craft unique sculptures and decorative bowls.
3. **Fabric Collages:** Scraps of unused fabric were pieced together to design wall hangings and bookmarks.

Each activity was designed to be simple yet impactful, allowing even beginners to create something meaningful. The facilitator provided step-by-step guidance, sharing tips on working with different materials and ensuring the safe handling of tools.

## Creative Showcase

At the end of the workshop, participants displayed their creations in a mini-exhibition. The diversity and ingenuity of the items produced were remarkable, ranging from functional household items to artistic masterpieces.
