

**INDUCTION PROGRAM
ON
STUDENTS' ABC-ID
CREATION AND CAREER
COUNSELLING CELL
(2023-2024)**

INTRODUCTION:

A program in India called the Academic Bank of Credit (ABC) aims to make higher education more accessible and flexible. It enables students to earn academic credits from different programs and institutions, which they may then exchange for degrees or other credentials.

This program is a component of India's larger educational reforms, which are meant to raise the standard, accessibility, and applicability of postsecondary education. It supports the objectives of the **National Education Policy (NEP) 2020**, which places a strong emphasis on adaptability and multidisciplinary education.

An induction programme for students regarding ABC-ID creation was carried out in Vivekananda Hall, Room no. 106 of Banwarilal Bhalotia College, under the aegis of IQAC, on 9th of August 2023.

The goal of this programme was a thorough, step-by-step guidance is to create an organized framework for the methodical creation of Academic Bank of Credits (ABC) IDs on several platforms.

In this program step by step guidelines were explained by Prof. Amitava Basu, principal of Banwarilal Bhalotia college. The tutorial covered every step of creating ABC IDs for students using a variety of platforms, such as the Academic Bank of Credits portal, DigiLocker, UMANG, academic institution portals, and the "UIDSE+" mode for bulk ID generation.

Students can create an ABC ID through a variety of enrollment channels.

They are free to choose from the many registration options, enter their academic data into the appropriate form, and then receive an ABC ID along with a shareable PDF document.

ADVANTAGES OF ABC-ID CREATION

There are many advantages to creating ABC IDs, such as:

- **Credit Accumulation:** Courses taken at various establishments, including online and traditional universities, can earn credits for students.
- **Flexibility:** The method enables a more individualized educational path by giving students the freedom to select courses from a variety of institutions and fields.
- **Inter-Institutional Cooperation:** ABC encourages cooperation between academic establishments, enabling a more comprehensive method of instruction.
- **Degree Completion:** At a certain institution, students can use their accrued credits to finish their degree.
- **Unique Student ID:** Starting in Class I, each student is given a unique and permanent identity through the issuance of ABC IDs. This guarantees smooth academic progress over the course of their education.

- **Academic Progress Monitoring:** From the beginning, ABC IDs enable thorough and ongoing monitoring of students' academic performance.
- **Weakness Identification:** Teachers can identify subject-specific shortcomings in students' academic data associated with ABC IDs, allowing for more focused interventions to improve performance.
- **Simplified Documentation:** The ABC safely keeps students' academic records, easing administrative hassles and drastically lowering reliance on conventional paper-based recordkeeping.

OUTCOME: Students were highly benefitted by this initiative taken by the college. The college office has also taken the responsibility of assisting the students facing difficulties in the creation of this unique ID.

**INDUCTION PROGRAM
OF
STUDENTS BY EQUAL
OPPORTUNITY CELL
(2023-2024)**

INDUCTION MEETING BY EQUAL OPPORTUNITY CELL

Date:13-12-2023

- ✚ The roles of the SC/ST/OBC Cell were explained to the respective students of SC, ST, and OBC, at an induction meeting held on 13-12-23.
- ✚ A telegram channel for SC/ST/OBC Cell was introduced and the link was provided to the students to ensure that all information is shared faithfully to all students belonging to the above castes. A talk about available scholarships for the above students, was given by the convener of the equal opportunity cell.
- ✚ Information about different programs for the benefit of SC/ST students can be disseminated among them.

Post Graduate Department of Zoology

INDUCTION REPORT 2023

❖ Introduction:

Induction involves introducing the newly enrolled students into the department and make them acquainted with the rules and regulation of the institution. Abiding by this concept an induction meeting (online and offline) has been held by the faculty members of Post graduate Department of Zoology.

Purpose: The purpose of the meeting was to acquaint the new students with the syllabus and scope laid down by National Education Policy (NEP) 2020, it's evaluation pattern and to instill research mindset from the very start. The students were made familiar with the different courses and options so as to aid in their holistic development in the near future.

❖ Programme In a Nutshell:

Formal Invitation:

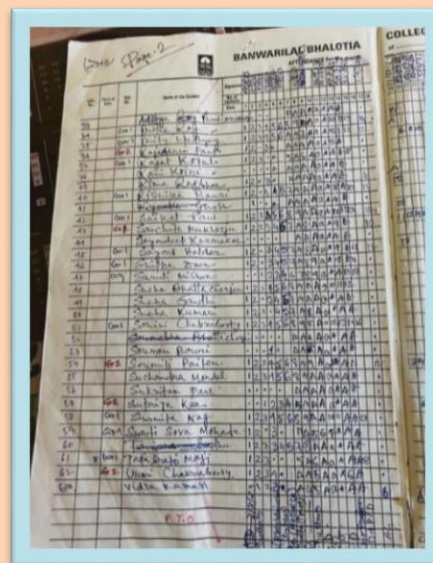

Discussion about the Evaluation Pattern (Offline):

Asansol, WB, India
 Aritesh Banerjee Sarani, Ushagram, Asansol, 713303,
 WB, India
 Lat: 23.580919, Long: 86.997623
 05/07/2023 13:03 GMT+05:30
 Note: Captured by GPS Map Camera

Attendance of the Students (Online and Offline)

❖ Conclusion:

The programme was carried out successfully in the presence of both the students and faculty members.
