#### INTERNATIONAL YOGA DAY CELEBRATION

#### 21.5.24

International Yoga Day Celebration- An initiative undertaken by B.B. College and its NCC & NSS groups in collaboration with Bharat Scout and Guide.

It was celebrated on 21-5-2024 with the target of generating a sense of self care and wellbeing among the participants.

#### BENEFITS OF YOGA FOR THE SELF

Benefits for the body: Yoga enhances posture, strength, flexibility, and balance. Additionally, it can strengthen the immune system, enhance cardiovascular health, and assist manage chronic pain.

Benefits for the Mind and Emotions: Yoga techniques that include breathing exercises and meditation can greatly lower stress, anxiety, and depressive symptoms. Additionally, it can elevate mood generally, increase concentrate, and encourage better sleep.

Mind-bodily Connection: Yoga helps people to link their breath with movement and develops a sense of bodily awareness. A stronger sense of wellbeing and a more profound awareness of oneself result from this comprehensive approach.

Self-Control and Development: Yoga calls for commitment and regular practice. It gradually cultivates self-control and a feeling of achievement.

#### BENEFITS OF YOGA FOR THE SOCIETY

Community Building: Group exercise sessions and yoga studios offer chances for individuals to interact and foster a feeling of belonging. Empathy and understanding are fostered by shared practice.

Harmony and Peace: Yoga eases tension and encourages inner serenity. Positive energy has the potential to spread, fostering a more harmonious and tranquil community.

Compassion and Mindfulness: Yoga teaches people to be mindful of their surroundings and to develop compassion for both themselves and other people. This promotes a culture that is more sympathetic and kinder.

Unity in Diversity: International Yoga Day honours yoga practitioners everywhere. It acts as a reminder that everyone has a desire for well-being, regardless of background or culture, and that we can all connect via this age-old practice.

#### **GREEN MUSE PHILIA: TRANSFORMING WASTE INTO ART**

#### 16.2.2024

The theme of the workshop was to make home décor items with waste material like plastic bottles, old cloths, newspapers etc. It was organized by the sustainable Innovative Wing of the Library for Cultures, Makerspace, and coding Nexus, under the aegis of IQAC, Banwarilal Bhalotia College

The practice of upcycling, which involves turning waste materials into more valuable items, has become increasingly popular in today's world. Repurposing and recycling are frequently mistaken with upcycling. But it takes a different strategy, turning waste materials into more valuable items without sacrificing quality. Upcycling's guiding ideas include encouraging a circular economy and repurposing waste as a resource.

Upcycling has enormous ramifications for the future. Upcycling has the potential to be a major factor in influencing these trends as consumer behavior evolves towards more mindful choices and the need for sustainable design grows. The practice and its global influence will be further enhanced by emerging technology and initiatives.

# HANDS ON TRAINING ON 'PROCESS OF CULTIVATION, SHORT-TERM STORAGE AND MARKETING OF MUSHROOM

#### **30-01-2024**

# Organized by Department of Botany of Banwarilal Bhalotia College under the aegis of IQAC, Bhalotia College, Asansol

Mushrooms are utilized as medical resources in addition to being a source of nutrition. Since polysaccharides from mushrooms have the most structural variety compared to other biologically active compounds, they have been shown to have immunomodulation qualities, antitumor, antioxidant, antibacterial, and prebiotic action. Because mushrooms may be cultivated on a variety of low-cost agricultural or forest wastes, including rice straw, maize cobs, and sawdust, their advantages are comparatively inexpensive. Using mushrooms is a great way to go about finding affordable and environmentally friendly ways to remediate environmental damage.

Although mushroom production offers numerous advantages, it is not without its limitations. These include input constraints, technology constraints, general constraints, socio-cultural constraints, and crop management constraints. Growing the production of mushrooms in India appears to be a feasible and alluring way to address the issue of "waste-to-wealth," which is crucial for more sustainable farming worldwide choice. Increasing the products' market worth, whether in either in a processed or raw form could boost the concentration of demand and promote a focus on the market.

Given the immense economic importance of mushroom-cultivation and high demand in the market, the students were given hands-on training for the cultivation of mushroom in this program.

#### **INTER COLLEGE REVIEW COMPETITION**

#### 27-02-2024

# Organized by Department of Commerce, Hindi Shift of Banwarilal Bhalotia College, under the aegis of IQAC

Students can demonstrate their ability to critically evaluate and articulate their thoughts on a given subject while competing against students of different colleges in a competition where they review a book, article, or other piece of media. In essence, they are comparing their analysis and critical thinking skills against peers from other institutions.

#### BENEFITS OF REVIEW WRITING

- Enhances critical thinking abilities by motivating students to carefully consider and evaluate data.
- Enhances communication abilities: Offers a setting for practicing the clear and eloquent expression of thoughts.
- Exposure to a range of perspectives: Enables students to interact with peers from other universities who have varying points of view.
- Increases self-assurance: Engaging in a competitive environment might boost confidence in one's analytical skills.

Students were motivated and encouraged in this program. The winners were given awards and the participants too were provided with certificates.

#### Inter College Review Competition

#### Organized by

Central Library, Banwarilal Bhalotia College, Asansol in collaboration with the Entrepreneurship Development Cell - Swabalamban under the Aegis of IQAC, Banwarilal Bhalotia College, Asansol on 27/02/2024

#### **SEMINAR ON MATHEMATICS AND APPLICATIONS**

#### 25-5-2024

# Organized by Department of Mathematics of Banwarilal Bhalotia College, under the aegis of IQAC

A student seminar on UG mathematics and its applications was organized by the department of Mathematics on 25<sup>th</sup> May 2025 to upgrade, enhance and upskill the presentation, the oratory skills of the departmental students and most importantly to hone their Mathematical acumen and learn to apply Mathematical theories to real world applications. The students were divided into groups of 6 and they were given free to choose from a plethora of topics of UG and advance level Mathematics for their presentation. The presentation was chaired by the departmental faculties and along with Ms. Piyali Chakraborty who is a researcher based in Central University of Florida and also an ex-student of our department. The students were evaluated as per their performances and were given 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> prizes for the same by our respected Principal Sir.

The event was altogether a successful one as the students gained ample knowledge regarding the titbits of presentation making and delivery. They were glad also because they received a lot of information about how to get admitted in foreign colleges and universities.

#### TIT-BITS OF ACADEMIC WRITING

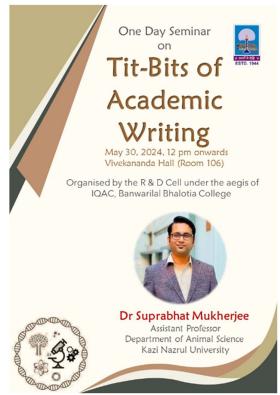

#### 30-5-24

#### Organized by Research and Development Cell – of Banwarilal Bhalotia College

In this program a talk was given by a renowned faculty and scientist Dr Suprabhat Mukherjee, Assistant Professor, Department of Animal Science, Kazi Nazrul University. In his deliverance he spoke about how to write research articles, review articles, book chapters. He also gave a good of information on how to write and defend various projects (Minor, Major as well as others).

The program was quite fruitful as the participants benefitted a good deal by it.

Remarks from Dr. Substanted personage , KANU

It was a placeme & priviled year for me do be here to deliver a dollar, on academic writing. The entire arrangement was bornice and the interactions made me aniculation well our thankful. I would be chappen to be here again.

Germany to be have a substant property to be here.

#### **Course on Basic Digital Literacy**

#### 8-04-2024

In order to improve the technological proficiency and computer literacy of students, members of IQAC in collaboration with the department of Computer Science organized a Computer Training Program on Basic ICT (Information and Communication Technology) Tools from April 8<sup>th</sup> to April 19<sup>th</sup>, 2024.

The program's goal was to give them the skills and information they needed to successfully use ICT technologies into their lessons, which would enhance student engagement and learning results.

#### Syllabus covered

- MS-Office [word, excel, powerpoint]
- E-mail
- Internet
- Conversion of word to pdf
- Size compression of pics/docs
- Documents upload
- Form fill-up and application download

#### **Course Conducted by**

Internal Quality Assurance Cell, Banwarilal Bhalotia College

#### **Course Coordinator**

Dr. Sudipta Das, IQAC Coordinator

#### **Course Instructors**

Dr. Shubharthi Sarkar, Dr. Arnab Ganguli, Dr. Animesh Mandal, Dr. Chanchal Biswas, Dr. Kajal Maji, Dr. Binita Dutta, Dr. Subharthi Sarkar, Mr. Arpan Tiwary, Dr. Kuntal Bakuli, Dr. Zarqua Jamal, Dr. Pallabi Purkait

#### **Course Outline & Outcome**

Over the course of three days, the training program included a variety of interactive exercises, group discussions, practical workshops, and lectures. Our college's experienced faculty members served as the resource persons, offering training and session facilitation effortlessly assisting each participant in comprehending and effectively using the instruments. Over 30 students participated in the course and learned about many facets of ICT tools. In order to address participants' concerns and offer one-on-one advice on enhancing their ICT proficiency, special afternoon workshops were planned.

**Total number of students benefitted: 35**
